Analysis of the Students Feedback Survey:

The students were asked to indicate their feedback, perception on five-point Likert scale of the degree of strongly agreeing, agreeing, neutral, disagreeing, and strongly disagreeing where 5 point was given to strongly agreeing, 4 to agreeing, 3 to neutral, 2 to disagreeing, and 1 to strongly disagreeing. After that, the recorded perceptions on the different statements were processed to obtain the students feedback analysis report. For validation purposes, statements following into specific range as stated in the below table as an example was fixed as the cut-off point; meaning that a student's feedback would be considered as strongly agreeing when the mean score falls between the range 4.30 to 5.00 as mentioned in below table.

Statement Example	Category		Range
	Scaling	Rating	
The office staff in college is cooperative and helpful	Strongly Agree	5	4.30 to 5.00
The office staff in college is cooperative and helpful	Agree	4	3.50 to 4.20
The office staff in college is cooperative and helpful	Neutral	3	2.70 to 3.40
The office staff in college is cooperative and helpful	Disagree	2	1.90 to 2.60
The office staff in college is cooperative and helpful	Strongly Disagree	1	1.00 to 1.80

Conclusions:

Chart No.: 1 and 2 and Table No.: 1 demonstrates that the mean scores of the Arts and Commerce College Warwat Bakal, students stating their responses about the 16 statements based on five-point Likert scale about teaching and learning environment provided by the institutions between degree of strongly agreeing and strongly disagreeing. The mean scores of the responses between the degree of strongly agreeing and strongly disagreeing held by all students for all statements ranged from 3.16, 3.77, 4.22, 4.37, to 4.41 and so on, with an average mean score of 4.20 for all 16 statements. The statement, 'Separate common rooms for girls and boys are available', had scored a highest average mean of 4.41, another statement, 'Equipment's in the lab, projector in classrooms, computers and books in library are in good working condition', had scored average meaning of 4.37 which means that respondents are strongly agreeing with this statement, whereas the statement, 'The functioning of the placement cell in the college is satisfactory' had scored lowest average mean of 3.16 where the respondents preferred to remain neutral on this statement. If we considered the respondents responses average mean of 4.20 for all 16 statements, then we can state that the respondents are satisfied with teaching and learning environment provided by the institutions to them.

Chart No.3 and Table No.2 demonstrates the responses of Arts students' feedback collected on the

basis of rating that they had given to the parameters that are mentioned in the above table no. 1, on five points Likert scale. The mean score of student's responses towards the parameters about the teaching of teachers in college states that the teacher encourages students for asking question, discussion, and classroom participation with an average mean of 4.34, teachers are fair and transparent in internal assessment with an average of 4.35, with an average means of 4.30 respondents stated that teachers are sincerity and are socially committed towards their profession, teachers makes topics easy to understand, generate interest and conducts students centric learning activities with an average mean of 4.25, teachers are communicating effectively with the students with an average mean of 4.17, whereas with an average mean of 4.25 respondents states that teachers provide us information about the syllabus, scheme, our expected ability, course outcomes and outcomes of course programmes.

Chart No.: 4 and Table No.: 3 demonstrates the responses of Commerce students' feedback collected on the basis of rating that they had given to the parameters that are mentioned in the above table no. 3, on five points Likert scale. The mean score of student's responses towards the parameters about the teaching of teachers in college states that the teachers are well prepared for their classes, complete their syllabus well in time and had a subject command with an average mean of 4.31, the teacher encourages students for asking question, discussion, and classroom participation with an average mean of 4.23, teachers are fair and transparent in internal assessment with an average of 4.30, with an average of 4.20 teachers are making topics so easy that they are easily understandable by students, teachers are communicating effectively with the students with an average mean of 4.23, whereas with an average mean of 4.28 states that teacher uses ICT tools (LCD projector, multimedia, email etc;) for creating interest and effective teaching in the subject while teaching.

Chart No.: 5 and Table No.: 4 demonstrates the responses of Chemistry students' feedback collected on the basis of rating that they had given to the parameters that are mentioned in the above table no. 4, on five points Likert scale. The mean score of student's responses towards the parameters about the teaching of teachers in college states that the teacher are coming on time for the lecture and engage their lecture regularly with an average mean of 4.30, teachers are sincere and socially committed towards their profession with an average mean for 4.31, teachers encourages students for asking question, discussion, and classroom participation with an average mean of 4.24, teachers are fair and transparent in internal assessment with an average of 4.19, with an average of 4.27, teacher uses ICT tools (LCD projector, multimedia, email etc;) for effective teaching with an average mean of 4.30, teachers are making topics so easy that they are easily understandable by students generate interest and conducts students centric learning activities with an average mean of 4.26, teachers are communicating effectively with the students with an average mean of 4.18, whereas with an average mean of 4.23 states that teachers are coming well prepared for their classes, complete the syllabus well in time and have a subject command with an average mean of 4.23.

Chart No.: 6 and Table No.: 5 demonstrates the responses of Zoology students' feedback collected on the basis of rating that they had given to the parameters that are mentioned in the above table no. 2, on five points Likert scale. The mean score of student's responses towards the parameters about the teaching of teachers in college states that the teacher encourages students for asking question, discussion, and classroom participation with an average mean of 4.23, teachers are fair and transparent in internal assessment and provide sufficient time for feedback with an average of 4.32, with an average of 4.25 teachers are making topics easy to understand, generate interest and conducts students centric learning activities, teacher uses ICT tools (LCD projector, multimedia, email etc;) for effective teaching with an average mean of 4.39, teachers are communicating effectively with the students with an average mean of 4.28, whereas with an average mean of 4.23 states that the teachers are encouraging students for asking question, discussion, and classroom participation.

Chart No.: 7 and Table No.: 6 demonstrates the responses of Botany students' feedback collected on the basis of rating that they had given to the parameters that are mentioned in the above table no. 2, on five points Likert scale. The mean score of student's responses towards the parameters about the teaching of teachers in college states that the teachers are coming on time for the lecture and engaging their lecture regularly with an average mean of 4.24, teachers communicate effectively with the

students and provide counselling, if necessary, in our difficult times and motivate them to study further with an average mean of 4.29. teacher encourages students for asking question, discussion, and classroom participation with an average mean of 4.34, teachers are fair and transparent in internal assessment with an average of 4.29, with an average of 4.16 teachers are making topics so easy that they are easily understandable by students, teachers are communicating effectively with the students with an average mean of 4.14, whereas with an average mean of 4.41 states that teachers are utilizing ICT tools (LCD projector, multimedia, email etc;) for effective teaching.

Chart No.: 8, and Table No.:7 demonstrates that the mean scores of the Physics Department students stating their responses between degree of strongly agreeing and strongly disagreeing about the 10 statements belonging to five-point Likert scale. The mean score of student's responses towards the parameters about the teaching of teachers in college states that the teacher is coming on time for the lecture and engaged his lecture regularly with an average mean of 4.30, teachers communicate effectively with the students and provide counselling, if necessary, in our difficult times and motivate us to study further with an average mean of 4.10, teacher encourages students for asking question, discussion, and classroom participation with an average mean of 4.37, teacher is fair and transparent in internal assessment with an average of 4.17, with an average of 4.33 teacher is making topics so easy that they are easily understandable by students, teacher is communicating effectively with the students with an average mean of 4.10, whereas with an average mean of 4.33 states that teacher is utilizing ICT tools (LCD projector, multimedia, email etc;) for effective teaching.

Chart No.: 9, and Table No.:8 demonstrates that the mean scores of the Computer Department students stating their responses between degree of strongly agreeing and strongly disagreeing about the 10 statements belonging to five-point Likert scale. The mean score of student's responses towards the parameters about the teaching of teachers in college states that the teacher is coming on time for the lecture and engaged his lecture regularly with an average mean of 4.13, teachers communicate effectively with the students and provide counselling, if necessary, in our difficult times and motivate us to study further with an average mean of 4.37, teacher encourages students for asking question, discussion, and classroom participation with an average mean of 4.37, teacher is fair and transparent in internal assessment with an average of 4.17, with an average of 4.20 teacher is making topics so easy that they are easily understandable by students, teacher is communicating effectively with the students with an average mean of 4.37, whereas with an average mean of 4.33 states that teacher is utilizing ICT tools (LCD projector, multimedia, email etc;) for effective teaching.

Action Taken:

The analysis of feedback report was forwarded to the principal and was also discussed in the meeting held by IQAC coordinator for taking collectively correct action to minimize the dissatisfaction of students where the minimum mean score is less than 4.00 and to improve the score against the statement, 'The functioning of the placement cell in the college is satisfactory' the library department will be asked to continue the facility of N-List for accessing e-resources.
