DVV Clarification for Criterion 2- Metric 2.1.1

Responses:

As per the findings of DVV, we hereby submit the clarification of metric 2.1.1 as-

1. Students belonging to a particular category are admitted to the same category. When the number of students in a particular reserved category exceeds the mandatory number, they are converted to open category. When the required seats of a particular reserved category remain vacant, the students from general category are admitted against the reserved category seats. So, the number of students admitted in general category becomes more than the seats sanctioned for general category.
2. The relevant data has been matched in the supporting document.
3. Sealed and signed Approved admission list year-wise (first year admission) program-wise from the Affiliating university has been provided in the supporting document.
4. Year-wise, English version copy of the document related to sanction of intake from affiliating university for first year students has been given in the supporting document.
5. Sanctioned admission strength in each program vs. student's enrolment (first year admission) for each program year-wise has been given in the supporting document.
