Activity 05: Natural Color Preparation for Eco-Friendly Holi

Date: 16/03/2022

Time: 02:00 pm

Venue: Department of Botany

Participants: B.Sc. Ist, IInd & IIIrd students

- Objectives:**
1. To create awareness among the students regarding environment conservation.
 2. To stop water pollution.
 3. To curb the excess use of chemicals.
 4. To celebrate the hazard free festivals.
-

Programme Highlights:

The excess use of chemical colors in holi festival leads to water and soil pollution which causes adverse effect on human health. The department of Botany of Art commerce college, Warvat Bakal initiated to prepare eco-friendly color by using plant parts and plant products. On 16th March all the staff members from the department guided the students regarding preparation and procedure of making chemical free colours. Dr. K. B. Theng and Dr. D.K. Sherkar demonstrated the eco-friendly color preparation. 60 Students took active participation in the workshop and more than 10 different color, color shades were prepared by students.

Mr.S. S. Mhasal Head, Department of Botany said that use of chemical color is hazardous not only to human health but it affects the flora and fauna of that particular area. Number of beneficial microbes as well as plant die because of such chemicals. He further stated that use of such natural color is a very good alternative for chemical colors as it is eco-friendly and cost efficient. Dr N. K. More proposed vote of thanks.

Activity 09: "Field visit"

Date: 28/05/2022

Venue: Local area

Participants: B.Sc. students

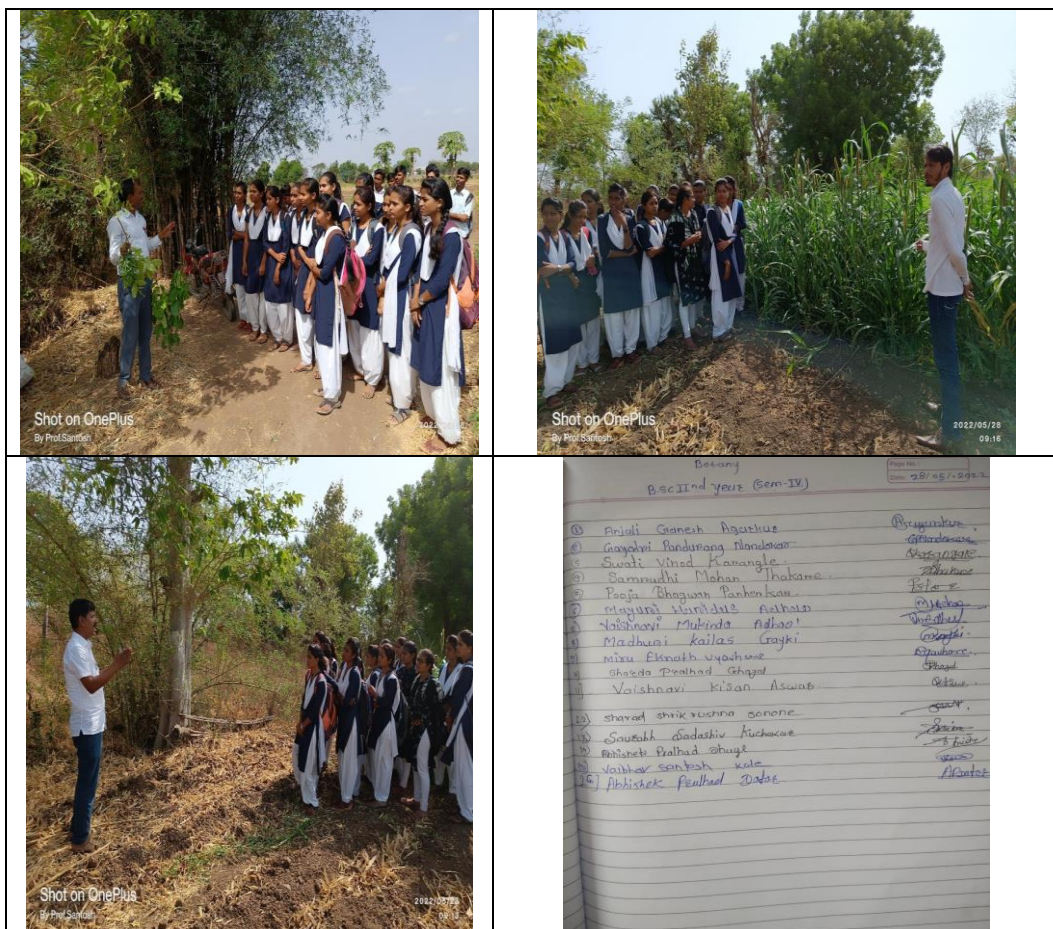

- Objectives:**
1. To enhance the knowledge of surrounding plants / Crop plants.
 2. To motivate students to conserve the medicinal plants around us.

Programme Highlights:

The field visit for students was organized in the farm located near college. The students had an interaction with the farmers. The students were introduced with different crops. The students knew cultivation practices i.e. seed processing before sowing, seed sowing methods, use of fertilizers, crop harvesting methods, expenditure and income through farming. In addition to this Mr. S. S. Mhasal, Dr. K.B. Theng, Dr. D. K. Sherkar and Dr. N. K. More also gave valuable information about crop plants as well as surrounding medicinally important plants.

Programme Outcomes :-

1. Students got detail knowledge about farming methods.
2. Students could get the knowledge about surrounding medicinally important plants.

Activity 10: Wild life week Celebration 2021

=====
Date: 1/10/2021 to 07/10/ 2021 **Venue:** Zoology Department
Subject: Online essay competition **Participant:** B. Sc. students

~~~~~  
**Chief Guest: Dr. Milind V. Shirbhate**

Associate professor and IQAC Co-ordinator

Shankarlal Khandelwal, Arts, Science and Commerce College, Akola, (MS) India

**Time of lecture: 7/10/2021 on 1.00pm**

### Judges for essay competition

1) **Dr. Amrita M. Shirbhate**

Mahatma Phule Arts and science college, Patur

2) **Dr. Sangita Chabba**

Shrimati Radhabai Sarada Arts Commerce and Science College ,

Anjangaon Surji, Amravati

### Objectives:

\* To know the wild life fauna in India

\* To increase information regarding diversity of Fauna.

\* To aware students regarding conservation of flora and fauna.

### Programme Highlights:

Zoology Department of Arts & Commerce College celebrated Wild Life Week from 1<sup>st</sup> to 7<sup>th</sup> October 2021. Guest lecture of Dr. Milind Shirbhate was arranged on Zoom Platform. Essays on wildlife were collected through online mode from students. The theme of the essay competition was **“Forest and Livelihood: Sustaining people and Planet”**.

Dr. J. S. Chaudhari, Principal of Arts & Commerce College, Warwat Bakal was chairperson whereas introduction of chief guest and resource person was given by Dr. Megha Solanke. 38 participants attended the program via online mode. Dr. M. S. Hingankar successfully anchored the programme. Dr. Shirbhate shared his knowledge on “Role of student in biodiversity conservation” Vote of thanks given by Mr. Sushil Deshmukh sir from zoology department.

#### *Essay Theme*

1. *Man and wildlife conflict/ मनुष्य आणि वन्यजिव संघर्ष*
2. *Role of students in conservation of nature/ निसर्गाच्या संवर्धनात विद्यार्थ्यांची भूमिका*
3. *Conservation of wildlife for our future generation/ पुढील पिढिसाठी वन्यजिव संवर्धन*

*Best essays awarded with*

*1<sup>st</sup> prize – 501 /-*

*2<sup>nd</sup> prize – 351 /-*

*3<sup>rd</sup> prize – 251 /-*

*Consolation – 101 /-*

All the participants were issued E- certificates.

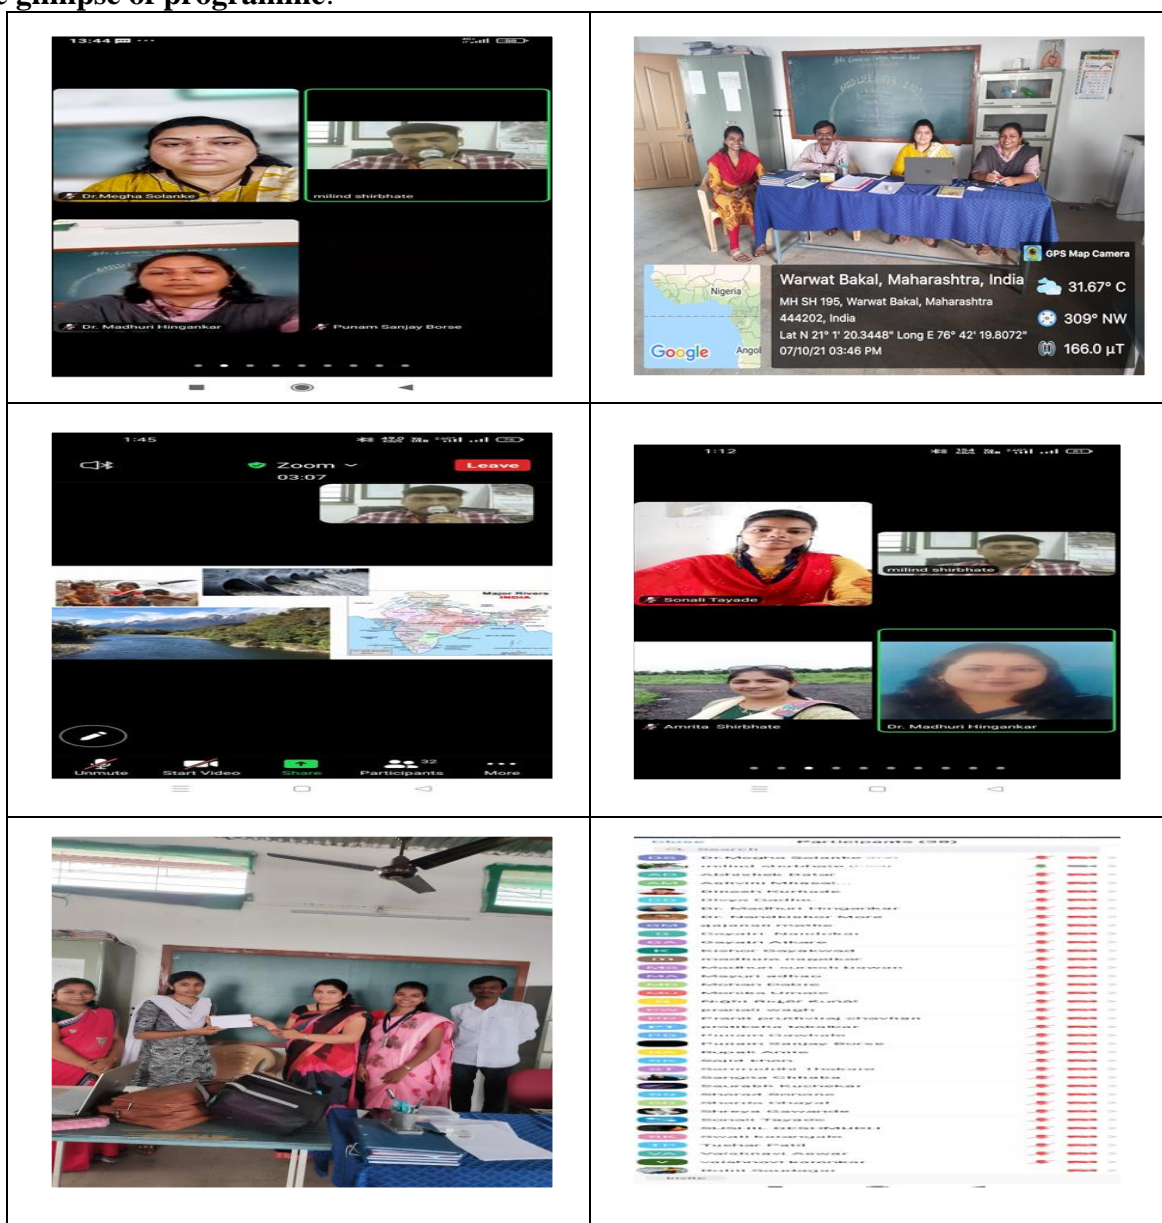

33 students from UG/PG classes participated in essay competition from different colleges.

**Some glimpse of programme:**

**Outcomes:**

1. Students got motivated for the conservation of nature.
2. Student aware about role and responsibilities towards wild life and their conservations.

## Activity 11: International Day for elimination of violence against women

---

**DATE: 25/11/2021**

**Chief Guest: Adv. Shilpa Dharmadhikari (Limye)**

**Time: 2.00pm**

**Venue: Online mode**

---

**Objective:** 1. To aware women about different acts regarding safety.  
2. To know the role and responsibility of women towards society.

---

Women Cell organized online guest lecture of Adv. Shilpa Dharmadhikari (Limye) (L.L.M. in criminology), from Nagpur on the occasion of “**International day for elimination of violence against women**”. Due to covid pandemic, the event was organized on virtual mode. 24 participants attended the program.

Introductory speech and anchoring was done by Dr. Madhuri Hingankar. Adv Shilpa Dharmadhikari talked on “**Women Harassment, safety and various Laws**. She delivered a very informative speech about laws for girls and women in work places, and enlightened the participants on various acts and laws in Indian constitution that favor women safety. Program ended with vote of thank done by Miss. Sonali Tayade.

### Memories during Women’s Day Programme

### Outcome:

1. Faculty and students of college could know about different Indian Constitutional acts and laws for women empowerment.
2. Girls could learn about their role and responsibility towards society.

## Extension Activity 12: Interaction with Shepherd and Goatherd

Date- 01/01/2022

Time: 8.00 a. m.

Venue- College campus

Participant: student, Staff and shepherd

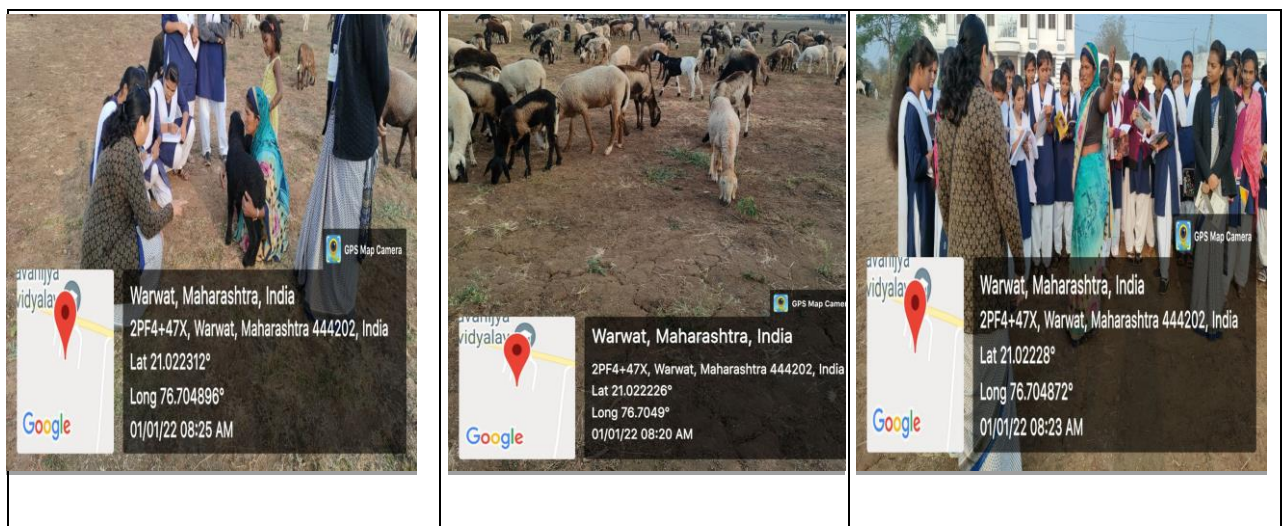

### Aims and objective:

- To introduce the students to rural Economy related with goat farming.
- To create awareness regarding domestic animals and their habitat.
- To know shepherds' income source from sheep rearing.

### Program highlights:

Sheep and goat are the important species of livestock for India. They play an important role in the livelihood of large proportion of small and marginal farmers and landless laborers. Department of Zoology arranged an interactive session for students with shepherd and goatherd to aware students about sheep status and their habitat, livelihood, physical environment, their productivity from the nearer shepherd.

During the survey of sheep and goat, students and staff of zoology department interacted with a **women shepherd Radhabai Karande from Chittalwadi**. As per her information, she had 300 sheep. She told the different methods used to cure the injuries of sheep and goat. According to her turmeric powder, soil and beans leave are applied on wounded part of the animal. Sheep feeds on leaves and grasses of nearby region. The owners earn wool, milk, and meat from sheep. Sheep & Goat farming is the backbone of rural economy particularly in arid and semi-arid areas.

## Activity 13: Carls Linnaeus Death Anniversary

Date : 10/01/2022

venue-online mode

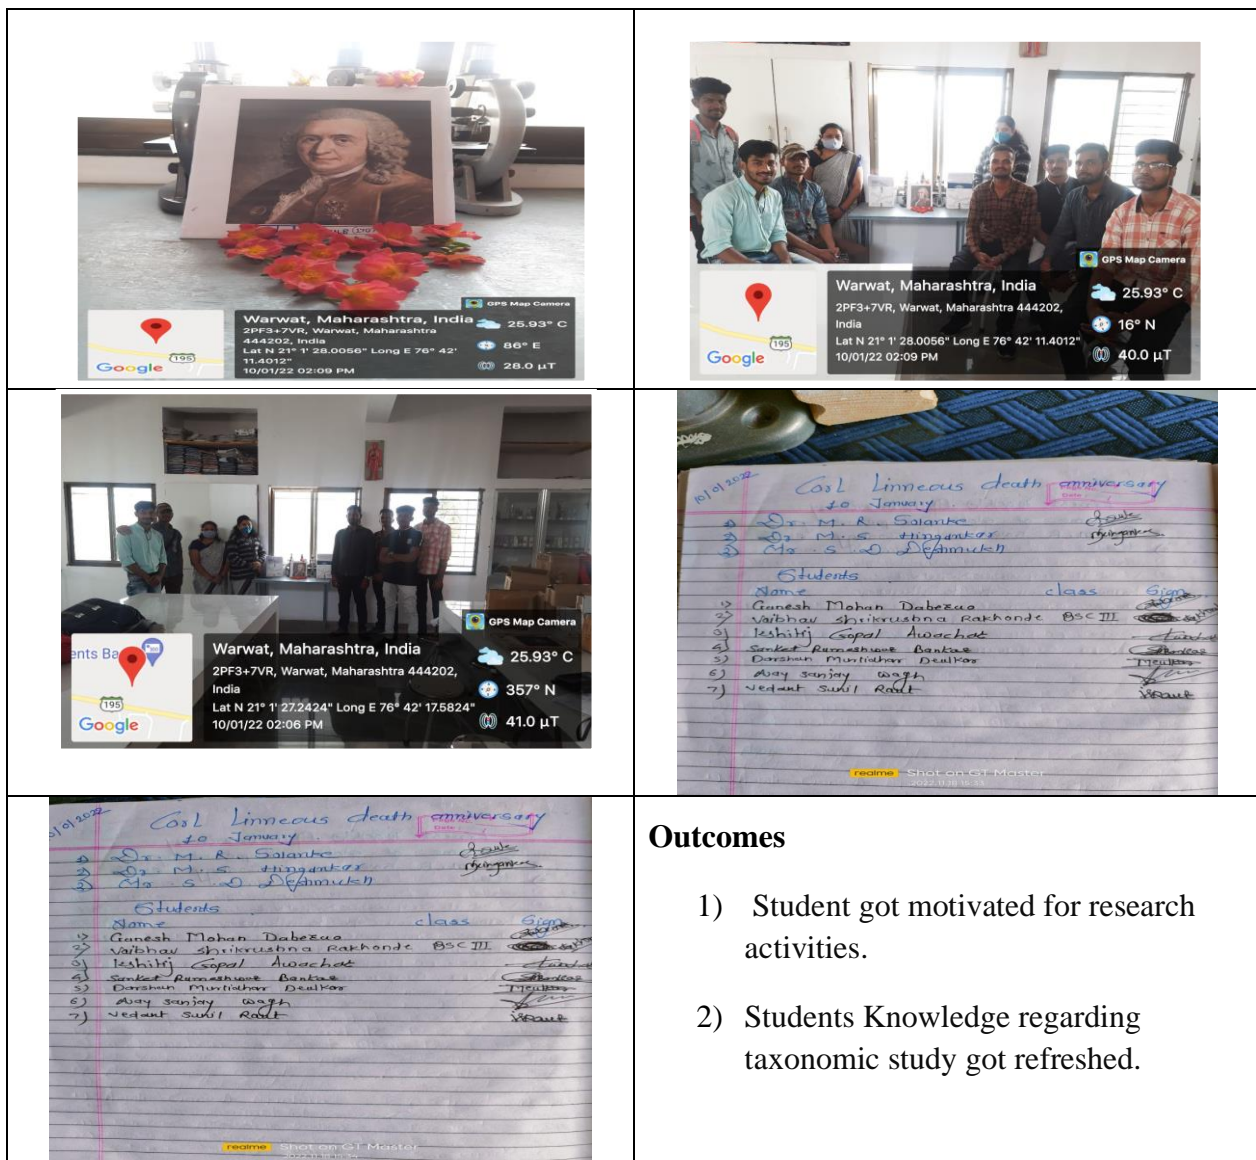

### Objectives:

- \* To develop scientific temperament among students.
- \* To gain information regarding scientific and research work.
- \* To remember taxonomic contribution of Carl Linnaeus.

### Programme Highlights:

Zoology Department of the College observed scientist Carolus Linnaeus death anniversary by conducting quiz contest on nomenclature system and taxonomy using Zoom Platform. Carolus Linnaeus is father of taxonomy, who invented classification system of plants and their naming system. There were 51 students who actively participated in the quiz contest.

### Photograph of celebration of death anniversary of scientist Carl Linnaeus

### Outcomes

- 1) Student got motivated for research activities.
- 2) Students Knowledge regarding taxonomic study got refreshed.

## Activity 14: International Women's Day

---

Date: 8/03/2022

Venue: Seminar Hall

---

### Aim and Objective:

1. To ignite the fire of imagination and creativity in students.
  2. To encourage student's participation in social issues.
  3. To provide a platform to express gender equity and women safety.
- 

### Programme Highlights:

International Women's day was celebrated to commemorate the cultural, political and socioeconomic achievements of women. The day emphasizes on women's rights movements and brings attention to several issues such as gender equality, reproductive rights and violence, abuse against women. On this occasion Women cell and IQAC organized poster competition for UG students. The participants expressed their ideas of women empowerment through posters.

### Themes of Poster:

1. Socio-economic development
2. Health
3. Education
4. Arts
5. Administration
6. Industry
7. Any other field.

Competition helped the students to bring their creativity and innovations. On the basis of theme of competition and creativity during poster making total 13 posters were presented by students. IQAC Co-ordinator Mr. Nishigandh Satav judges the posters, all the members of women cell takes lot of efforts for the successful completion of this programme.

### List of Participants:

## Activity 15: World Sparrow Day

Date : 20/03/2022

Venue- College Campus

Program: Nest Preparation competition and Hanging Earthenware water feeding bowl in college campus.

### Objectives:

- \* To save the birds before it's too late.
- \* To aware students about benefits of hardworking and painstaking efforts.
- \* To get knowledge about Birds with their needs.

### Programme Highlights:

Zoology department conducted Nest Making Competition from waste material and hanging of earthenware water feeding bowl in college campus and botanical Garden. Total 39 students participated in the activity and prepared nest from waste material like sticks, grass, coconut cover, tree branches and empty match boxes etc.

Students made beautiful and creative nest from waste. Dr. V. D. Ingle from Chemistry department was present as judge for this competition. Each participant was issued certificate.

#### List of winners

| Sr. No. | Name of Participant           | Class    | Prizes      |
|---------|-------------------------------|----------|-------------|

| 5       | Manisha Gajanan Kothalkar     | B.Sc II  | Consolation |

### Glimpses:

### Outcomes:

- 1) It increases creativity in students also awareness about birds and their needs.
- 2) It enhances the capacity and ability of students to take painstaking efforts.

## Activity 16: Earnest Hackle Birth Anniversary

---

Date: 16/02/2022

Venue: Department of zoology

---

### Objectives:

- \* To know the importance of celebration of anniversary of the scientist.
  - \* To increase information regarding scientist and related work.
  - \* To enhance student knowledge about their life event and history.
- 

### Programme Highlights:

Zoology Department observed the Birth Anniversary of scientist Ernest Hackel. He is the German zoologist, ecologist, naturalist, eugenicist, philosopher, physician, professor, marine biologist and artist. He discovered, described and named thousands of new species.

The gratitude was expressed for valuable contribution of Ernest Hackel.

### Photograph of celebration of birth anniversary of scientist Ernest Hackle

Felicitation of scientist Ernest Hackel

celebration of birth anniversary with staff and student

### Outcomes:

- 1) Students could know the contribution of Ernest Hackel to science.
- 2) Student could know about the species diversity and ecological status of living organism.

## Activity 17: Fire Extinguisher: Use and Handling

**Date:** 29/12/2021

**Time:** 02.00 PM.

**Venue:** Chemistry Laboratory

### Objectives

- To get acquainted with fire extinguisher.
- To get information of fire hazards in chemistry laboratory.

### **Program Highlights**

For the safe use and handling the fire extinguisher in laboratories during the accident, Department of Chemistry organized hands on training workshop for students on “Fire extinguisher and its use and handling. Dr V. D. Ingle demonstrated actual use and handling of extinguisher before the students. Mr. Dahake explained the working of fire extinguisher for safety during fire mishaps.

### Outcomes

- Students could know the functioning of the equipment.
- The participants got the information regarding fire hazards.

The Photographs here have captured some of these memorable moments.

## Activity 18: Seminar Competition

**Date:** 04/01/2022

**Time:** 02.00 PM.

**Venue:** Digital Classroom

**Participants:** Teaching staff, non-teaching staff and Students from B.Sc. – 1-, 2- and 3-year students

### Objectives

- To encourage the students to participate in seminars.
- To motivate the students for leadership.

### **Program highlights**

The department of Chemistry organized Seminar Competition for students of B.Sc. They were asked to prepare and deliver seminar on various topics available in curriculum. Dr. V. D. Ingle and Mr. N. D. Dahake were the examiners.

Following students got rank in the competition-

| Sr. No. | Name of Student      | Rank |
|---------|----------------------|------|
| 1       | Snehal Rajesh Ukarde | I    |
| 2       | Akshay Thakare       | II   |
| 3       | Saurabh Kuchekar     | II   |
| 4       | Anjali Agarkar       | III  |
| 5       | Vedant Raut          | III  |

### **Specimen Certificate**

### Outcome

- Students got motivation to participate in various academic events.
- Confidence of students got boosted.

The Photographs here have captured some of these memorable moments.

## Activity 19: Guest Lecture on topic “Coordination Chemistry”

---

**Date:** 03/03/2022

**Time:** 02.00 PM.

**Venue:** Digital Classroom

---

### Objectives

- To participate and organize departmental activities.
  - To know the important aspects of academic curriculum.
- 

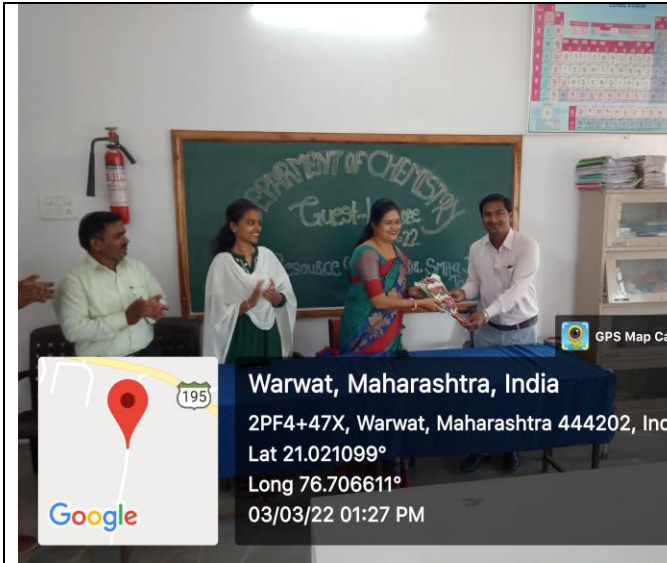

### **Program highlights**

As per Academic Calendar, Department of Chemistry organised guest lecture on topic “Coordination Chemistry” on 10/01/2022 at 2.00 PM. Dr. S. D. Tarale Head, Department of Chemistry, Shri Pundlik Maharaj Mahavidyalaya, Nandura was present as a guest lecturer. In her lecture, she focused on the different uses of coordination compounds. Program was successfully anchored by Mr. K. P. Sabale, while vote of thanks was proposed by Mr. N. S. Shelke.

### Outcome

- Knowledge of students got increased.
- Scientific views of students enhance.

## Activity 24 : “World Consumer Day”

Date: 15/03/2022

Time: 02.00 p.m.

Venue: Seminar Hall

### Objectives:

1. To know Consumer Rights.
2. To create awareness among students.
3. To develop the skill of monetary transactions.

### Program Highlights:

In the age of globalization, competition for the sale of goods and services is on the rise and there is a huge gap between consumers and sellers. For this, consumers need to be aware of their rights when buying goods. If fraud occurs, they should seek justice using the Consumer Protection Act. Adv. Pramod Ghate, Vice President Bar Association, Sangrampur was present as a chief guest and resource person.

Adv. Mr. Ghate said that consumers should use their rights under the Consumer Protection Act to avoid fraud. He appealed every consumer to be aware of their rights. The program was chaired by the Principal of the college.

### Outcomes :

1. Students could know the market policies.
2. Students could improve their skill of purchase and sales.

## Activity 28 : “Online Lecture on Thoughts of Rajmata Jijau and Swami Vivekananda”

Date: 12/01/2022

Venue: On Online Mode

### Activity:

On Wednesday, January 12, 2022, the birth anniversary of Rajmata Jijau and Swami Vivekananda was celebrated virtually. The Program was presided over by the Honorable Principal of the College and the keynote speaker was Dr. Vinod Gaikwad, Head, Department of Political Science, Arts and Commerce College, Shegaon. In the prominence presence for the Program was of Dr. Rajendra Korde, convener of the Cultural Committee, and Mr. Nishigandh Satav co-ordinator of IQAC. At the beginning of the program, the image of Rajmata Jijau and Swami Vivekananda was worshiped and garlanded.

The keynote speaker Dr. Vinod Gaikwad focused on the life and thoughts of Rajmata Jijau and Swami Vivekananda. He explained how Rajmata Jijau created Shivaji Maharaj. Shivaji Maharaj later established the Hindavi Swarajya under the guidance of Ma Jijau. Ma Jijau came to be known as the Mother of the Nation. She molded him into an ideal ruler by sowing seeds of devotion to the nation and Dharma. Later on, resource person Dr. Gaikwad expressed his views about swami Vivekananda; he stated that Swami was one of the greatest Hindu monks that India has ever seen. He is not only a spiritual leader that India always boasts of but also a great freedom fighter which one can understand only if they know and study him deeply. Till today not only we Indians but the entire world respects and follows his principles. It is one of our greatest responsibilities that we make our next generation and henceforth all subsequent generations aware of this great personality. Mr. Nagesh Ingle moderated the program while Mr. Kiran Sabale proposed the vote of thanks.

### Objectives:

- 1) Students could know the thoughts of Rajmata Jijau and Swami Vivekananda.
- 2) The participants could understand the message given by Swami Vivekananda ‘Don’t stop until the fulfillment of your goal’.
- 3) The students understood teachings of Rajmata Jijau.
- 4) Students are inspired by Rajmata’s and Vivekananda’s Thoughts.

The department of History organized an educational tour on 5<sup>th</sup> March 2022 at Ashirgad and Ichhapur (Madhya Pradesh). Historically, the Ashirgad fort is unique; the main objective of this educational trip was to make the students aware of the fort and religious places of ancient time. The participants could know the historical significance as well as administration of the fort. It is a historical & strategically important fort about 14 miles far from Burhanpur. It is a historic, invincible fort at the top of a mount of Satpuda hills. This was very important fort to regulate southern part of India, as some historian addressed it with the name "the key of deccan" some author said that after conquering this fort, ways to seizing southern area or 'Khandesh' became easier. It is about 259.1 meter high from its base and 701 meter high from sea level. There is a mosque, Lord Shiva temple and one palace inside the fort. It is actually developed in 3 parts and each part has its own name. First part is called "Asirgarh", second part is "Kamargarh" and third part is called "Malaygarh".

## Activity 31: Farmers Awareness Program

---

**Date : January 2022**

**Venue: Neighborhood area**

---

### Objectives:

1. To aware farmers about the hazardous impacts of excess use of chemical fertilizers and pesticides.
  2. To promote team work among the enrolled students.
  3. To generate inquiry and counseling abilities of students
  4. To enhance leadership qualities among the group of students.
  5. To inculcate experiential learning, participative learning and problem-solving techniques among the students enrolled in this program
  6. This activity is aims to provide primary knowledge to students about gathering data, interrelating, interpreting the collected data and its analysis.
  7. This program aims to restrict utilization of chemical fertilizers and pesticides among farmers.
  8. This program also aims to promote environmental protection by awaking farmers about the hazardous effects of chemical fertilizers and pesticides.
  9. This awareness program will help to develop communication skill among the participants of this activity.
- 

### Introduction:

The idea behind this program is to aware farmers about recently concerning issue of excess use of chemical fertilizers, insecticides and pesticide used especially on the vegetable crop by the farmers due to lack of awareness. The important role of nation building has been assigned to the higher education institute which makes it imperative for teachers and students to participate in the community. The extension and community centered activities achieve the goal of building the sustainable community. The traditional role of institutions of higher learning is to carry out two important functions teaching and research. In the current context, this role requires to undergo a change and colleges are no more expected merely to function in isolation as islands of excellence. The University Grants Commission in its policy frame has added extension and community centered activities as the third important role for institution of higher education. The excess use of chemical fertilizers insecticides and pesticides in the agricultural field not only cause harm to the consumer of the crop but also it decreases the quality of production, contributes in pollution of soil, water and air. The credits of pesticides include enhanced economic production in terms of increased production of vegetables then their debits have resulted in serious health implications to man and its environment. There is now overwhelming evidence that some of these chemical fertilizers and pesticides do pose a potential risk to humans

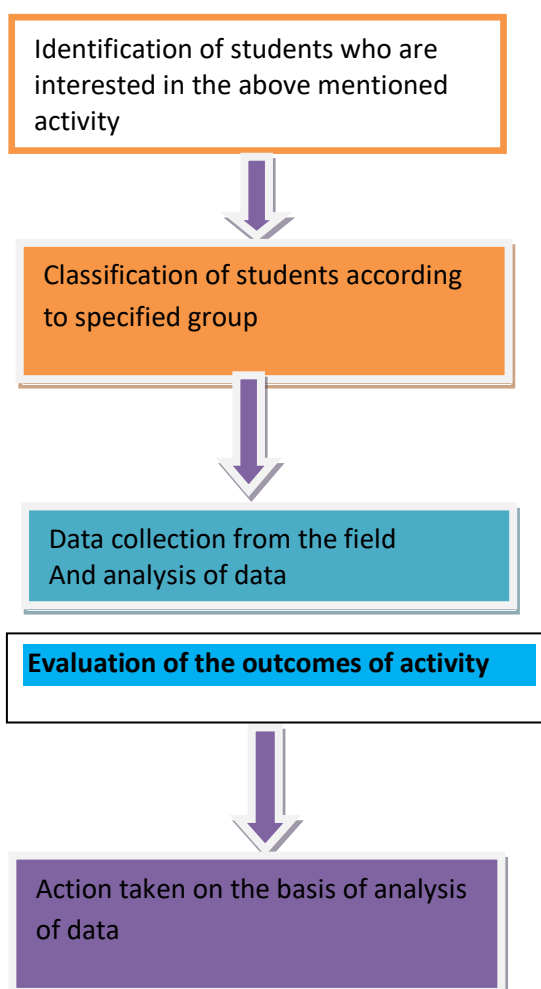

and other life forms and unwanted side effects on the environment. Keeping this in mind the institute's faculty of Science and NCC collaboratively takes this initiative together with guidance of IQAC and respected Principal of our college. Most of the students enrolled in our college come from the agricultural background and live in rural area so it is possible to generate their interest in this activity. The framework of this program is basically two dimensional and at the end it will benefit both the community and the students engaged in this activity. With the hope that above stated problem could be minimized by the intervention of institute through the students by awaking farmers of this region.

**Planning of Activity:**

The tentative activity planning is as follow,

**Implications**

Any activity which is planned to benefit community is having its own implications but the possible outcomes and future prospective are also analyzed before going to implement the activity so as to measure the intensity of target to be achieved after completion of activity. The present extension activity basically aims to aware famers about the excess use of chemical fertilizers and pesticides to reduce pollution and to increase the quality of food products obtained from agricultural produce. The Sangrampur Taluka is a good producer of vegetable crop and the most of students enrolled in our institution belong to the villages in the Sangrampur tehsil. Considering this as an opportunity, the institute faculties explored the possibilities of creating awareness with the help of students by guiding them. We as responsible institute, expect bidirectional benefits as the students learn to collect data, analyze it and provide response accordingly. At the end of this extension activity we expect that we will convince and encourage all the farmers for minimum use of chemical fertilizers and pesticides.

## **Summary Report of Activity**

The institute is located in agriculture rich area as well as the students enrolled in our institute are belonging to agricultural background, so the institute takes it as an opportunity to initiate the proposed activity. Near about 37 students from all three faculties have participated in this awareness program under the guidance of faculties mentioned above.

This extension activity was a multidimensional experience for students, as the activity is planned in such a way that students would get benefit while achieving objectives of the activity. As per the plan of activity students have interacted with the local farmers to know about the utilization of chemical fertilizers and pesticides (the data capture format was provided with this report). After this, faculties and students meet to discuss about the data obtained from farmers and make their conclusions. It is seen that the maximum farmers utilize chemical fertilizers and pesticides in their crop fields so as to increase their production of crops. It is also seen that the farmers' expenditure on fertilizers and pesticides is extensive, so it is essential to suggest some other alternatives such as, compost, Vermin compost, Vermiwash, Neemseed extract, Jivamrut, Bijamrut, Ricewater, Dashaparni ark, Nimastra, Agniastra, arogreen fermented fruit juice, Garbez enzyme, Amrutkavach, Enriched amrut ghol, and many more. After this the students planned to re-visit the farmers to interact with them so as to discuss about limited use of chemical fertilizer and pesticides, together with this students had shared the implications of excess use of pesticides and fertilizers on environment, human health, soil health etc. and suggested them alternatives for chemical based pesticides and fertilizers. Students have also

distributed the brochures depicting alternatives for chemical based pesticides and fertilizers, already published by the agriculture department (some of them attached with this report).

**Data capture Format**

**Outcomes:**

1. The students participated in this activity gathered information about the use of fertilizers and pesticides utilized in the crop field and their benefits and hazards.
2. One on one communication skills were inculcated among the students participated in this activity.
3. Neighboring farmer community was made aware about the hazards of excess utilization of pesticides and fertilizers.
4. Students learnt about the data collection, data interpretation and data analysis. It helps in boosting the research aptitude of participants.
5. Farmers became conscious about the benefits and alternatives available for the chemical fertilizers and pesticides.
6. The activity results in inculcating values of environmental protection and conservation among the participants and beneficiary groups.
