The institute has implemented the guidelines drafted by various authorities such as Affiliating University, University Grants Commission and Government of India. The provisions for grievance and complaints raised by various stakeholders were addressed through the competent committees constituted in college council meeting. For convenient and timely redressal of complaints of ladies staff and girl students, the institute has founded Sexual Harassment and Violence against Women Committee & Women Cell in the institution. For entertaining the complaints raised by girl students and ladies staff of the institute, a proper mechanism is already set but the institute focuses on prevention of such events so that a preventive work can be carried out by the women cell. The institute also constituted Anti Ragging Committee to prohibit ragging cases in the college campus. The institute also has grievance redressal committee for general complaint resolution raised by any stakeholder of the institute. The notable thing is that the institute till date has not been reported any serious complaint regarding the ragging and violence against women.

The meetings and minutes of the meeting are written in regional language but the SOP for Assessment and accreditation provided by the NAAC suggests that it should be translated in English. So for the sake of convenience a summarize report of the meeting is given here in this document. The original copy of the meeting is also attached with this file.
