Clean and Green Campus Policy Document

About College

The Satpuda Education Society, Jalgaon (Jamod), founded the Arts & Commerce College in 1994. In Maharashtra's Buldana district, the college is located at the base of the Satpuda mountains, which are dispersed to the north. The majority of the population in this area is employed in agriculture. In Sangrampur Tahsil, there was no senior college prior to the establishment of this college. This region's students were denied access to higher education. Satpuda Education Society founded this college with a broad objective and a clear goal in mind: to meet the higher education needs of this area.

The administration built a separate structure for the college in under five years. The society established a junior college in the faculty of science in 2003 and a senior science and commerce college in 2009 in response to the need for science education. Undergraduate students studying in the streams of arts, commerce, and science are educated by the college. The college successfully completed the first cycle of NAAC accreditation in 2016 and received a "B" grade. The coordination between teaching and non-teaching staff is excellent at our college. Our team works hard and ensures that the college's goals and objectives are met. Our young and tenacious teachers instruct and mentor the pupils who travel from the remote highland area.

The Clean and Green Campus Policy

The college's Green Campus Policy is to create a clean and green campus where ecologically responsible behaviour is encouraged through education and other means both on campus and off campus. By fostering environmental ethics among the faculty and staff, it also gives the institution a chance to take the lead in reinventing its environmental culture.

Mission

To instill environmental awareness in society and actively engage in efforts to defend the planet earth against nefarious human incursions in order to ensure a sustainable, pollution-free, and healthy future.

Objectives

- To increase awareness of the value of frequently using environmentally friendly goods and services. to inculcate the value of cleanliness in maintaining a healthy lifestyle.
- To raise public awareness of environmental issues through the organisation of events, rallies, clean-up drives, seminars, workshops, presentations, tree planting drives, wildlife photography competitions, rangoli competitions, essay competitions, bird watching programmes, excursions, study tours, guest lectures, and talks, among other activities.
- To raise awareness among students and faculty about speaking out against harmful practises that harm the environment and to encourage such practises throughout society.

Initiatives Taken to Implement the Clean and Green Campus Policy

The Institution is committed to managing its campus in accordance with its Clean and Green Campus Policy by establishing the following infrastructure and carrying out the following activities:

- **Landscaping with Trees and Plants**
- **Ban on Single-Use Plastic**
- **14 KV. Solar Plant in the College**
- **Use of LED Bulbs/Tubes and Power Efficient Equipments**
- **Rainwater Harvesting**
- **Paperless Office and Communication**
- **Solid Waste Management**
- **Water Management**
- **Display Boards to Promote Environmental Sensibility on College Campus**
- **Observance of Days to protect and Nurture Environment**
- **The Green, Environmental and Energy Audit**

Landscaping with Trees and Plants

According to the Arts & Commerce College's Warwat Bakal's Clean and Green Policy, the college works to grow several plant kinds of trees, as well as ornamental and medicinal varieties, both inside and outside the campus. The campus is kept clean, litter-free, and green by volunteers from NSS and Class 4 staff. The Department of Botany is responsible for caring for and maintaining the College Botanical Garden and the Vermicompost Unit. The college's NSS and NCC Units often organise tree-planting campaigns, which usually take place in the month of July.

Ban on Single-Use Plastic

Single-use plastics are completely prohibited in classrooms, laboratories, the canteen, and all other areas of the Arts & Commerce College, Warwat Bakal campus. In order to progressively reduce the use of plastics on campus, the college provides environmentally friendly alternatives including stainless steel, washable, and reusable tumblers at all water units and requires the canteen to serve exclusively in stainless steel or paper plates, glasses, and cups.

14 kV Solar Plant in the College

In April 2023, the institution installed a 14 kV solar energy plant on one of its buildings. Since the commissioning of these solar plants, the MSEDCL's electricity bills have significantly decreased. The MSEDCL's power grid is connected to the solar panels' energy output, and the MSEDCL has subsidised the college's electricity needs by supplying the system with the power generated by the solar panels.

Rainwater Harvesting

The college ensures rainfall conservation by collecting rainwater. More than five acres make up our facility. Rainfall in the area ranges from 90 to 110 cm on average. All the rainwater will be wasted in the neighbouring village. The institute and the governing body decided to store and gather this rainwater on campus as a result. We therefore constructed a water absorption hole that is 30 feet deep and 14 feet in diameter in the southeast corner of the campus. South East-sloping slopes are present naturally. All of the rainwater consequently streams into the pit to be collected. The extra water from the hole is emptied into the nearby river.

Paperless Office and Communication

The college has a policy to use e-communication for the majority of official and academic communications in order to reduce the consumption of paper. Digitization significantly reduces the use of paper. To save paper waste, blank papers with one side are used. What's App groups have been formed based on classes, departments, and committees, which has decreased the need for paper in announcements and circulars. Additionally, by implementing Google Classrooms, where references, notes, syllabi, question banks, and study material are shared on the e-platform, the college has eliminated the heavy use of paper. E-assignments are now being

accepted by some departments as well.

Solid waste Management

Solid waste needs to be disposed of to prevent unneeded accumulation. Waste material is sorted out for secure disposal. Waste is composted via vermicomposting and bio composting. The decomposition of dead plant matter and other trash occurs during vermicomposting. Waste that is complex is reduced to a simpler form. Composting is a sustainable practise. It transforms a vast array of wastes into beneficial agricultural nutrients. A great source of humus and plant nutrients, compost enhances the biophysical characteristics of the soil and the level of organic matter. We have taken action to manage the waste that has been gathered on college property.

Our institute employs a skilled approach to solid waste management. Garbage containers hold all of the solid garbage produced on campus. Waste from the departmental rooms and the canteen is also composted. The college has adopted the practise of printing on both sides of the page to save paper usage; however, we mostly use electronic resources since we support paperless communication. Dustbins are available in every department, lab, and classroom for the disposal of dry waste. In key areas across the college, designated dustbins are used to segregate waste into dry and wet categories.

Vermicompost Unit

Vermicompost Unit is established in the Botanical Garden of the Department of Botany. The students of the department actively involve themselves to run this unit. The organic waste material is collected from the college campus by the students to deposit it in the special vermicompost pit. Using cow dung, Earthworms the soil mixture is made with appropriate proportions. With the help of students this mixture is installed in the tank and watered properly for 4-8 weeks.

Water Management

A different set of distribution pipes provides water for all other uses. There is plenty of water in the college's well. Pumps are used to transfer groundwater from the wells into elevated service reservoirs and storage tanks spread throughout the campus. A network of well-built pipes is used to disperse the water. The college administration closely monitors the whole distribution system to prevent water leaks and wastage at water taps, pipelines, and other points of use. The college's administrative staff controls how frequently the water tanks are cleaned. Every college stakeholder is knowledgeable about how to use water wisely and effectively. Apart from carrying out Cleanliness Drives, Awareness Campaigns, the College NSS volunteers also render the services for ground water recharge in the adopted villages during the NSS Special Camps.

Display Boards to Promote Environmental Sensibility on College Campus

Various boards including Quotes that promote environmental awareness and ethics including air-pollution control, plastic-free campus, conservation of energy, recycling of resources, tree plantation, Nature conservation, etc. are displayed for all the stakeholders of the college.

Observance of Days to Protect and Nurture Environment

The organization of various events like Rallies, Awareness Campaigns, Cleanliness Drives, Tree Plantation Drives, Wildlife Week, Rangoli Competitions, Essay Competitions, Excursions, Study Tours, Guest Lectures, Talks, etc. on the occasion of various days like- 'International Day for the Preservation of the Ozone Layer' (16 September), 'World Environment Day' (05 June), 'Wildlife Week' (02 to 08 October), 'World Wetland Day' (02 February), 'World Sparrow Day' (20 March), Mahatma Gandhi Jayanti (02 October), 'Army Day' (15 January) 'Bird Week' in first week of November, etc. ensures to create awareness among young students and public about various environment related problems and conservation of Nature and natural resources in the surrounding area and educating on how to live a Eco- friendly life.

The Green, Environmental and Energy Audit

The Green, Environmental and Energy Audit of the college is done by Nutan Urja Solutions, Pune.

1. Alternate sources of energy and energy conservation measures

The institution has airy and spacious classrooms due to which there is hardly any need of artificial lights and fans. Energy efficient appliances are preferred while purchasing the appliances. While purchasing the new computers, energy efficient screens are preferred.

Solar Energy: Our power consumption was not as much to use non-conventional energy sources. So, we had not planned to set the alternate sources of energy so far being the higher cost of setting such sources. However, our honourable Management decided to set a solar power system so as to contribute something to pollution control. So, on 18th march, 2023, made an application to MSEDCL and Siddhavinayak Solar and Solutions, Lakhpati Galli, Agresen Square, Shegaon to set the Solar Power System of KWP. The setting of the power system is complete on 15th April, 2023.

2. Management of the various types of degradable and nondegradable waste

Solid Waste Management:

Solid Waste should be disposed off to avoid unnecessary accumulation of it. For the safe disposal of waste material, it is sorted out. This is achieved by bio-composting and vermicomposting of waste. In vermicomposting the dead remains of plants and other waste are degraded by bio agents. Complex waste is converted into its simpler form. Composting is an environment friendly process. It converts wide variety of wastes into valuable agricultural inputs. Compost is excellent source of humus and plant nutrients, application of which improves soil biophysical properties and organic matter status of the soil. We have initiated a step towards managing the waste collected from college premises. A skill full approach to solid waste management is used by our institute. All the solid waste generated in campus waste collected in waste bins. The Canteen and departmental rooms' waste is also used for composting.

The College has adopted to use both side paper for print to avoid the waste of page but mostly we believe in paperless communication and therefore we use e-resources.

Liquid Waste Management: The waste water from tap and drinking units is used for watering the plants. The waste from the drinking unit is drained into the soak pit near well.

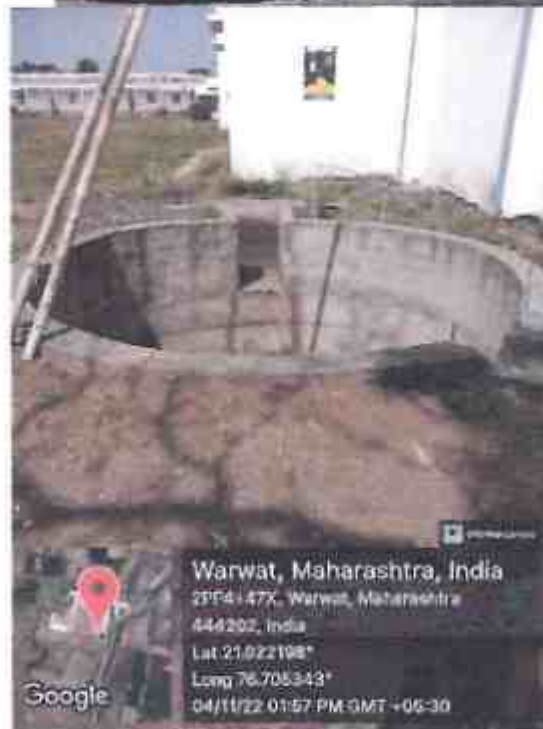

E-waste Management: There is no problem of e-waste in the campus but in the future if there is any e-waste, the college will find the suitable means to manage it.

3. Water Conservation

We have more than five acres of campus area. The average rainfall in this area 90 to 110 cms. The entire rainy water would go waste in the nearby village. Therefore, the Institute and the Governing Body decided to lock this rain water somewhere in the campus and harvest it. Thus, we have constructed water absorption pit of 30 feet deep and diameter of 14 feet in the South-East corner of campus. The area has a natural slope towards South-East. So, the entire rain water flows towards the pit an get it harvested. The overflowing water from the pit is allowed to go into the nearby river.

4. Green Campus Initiatives

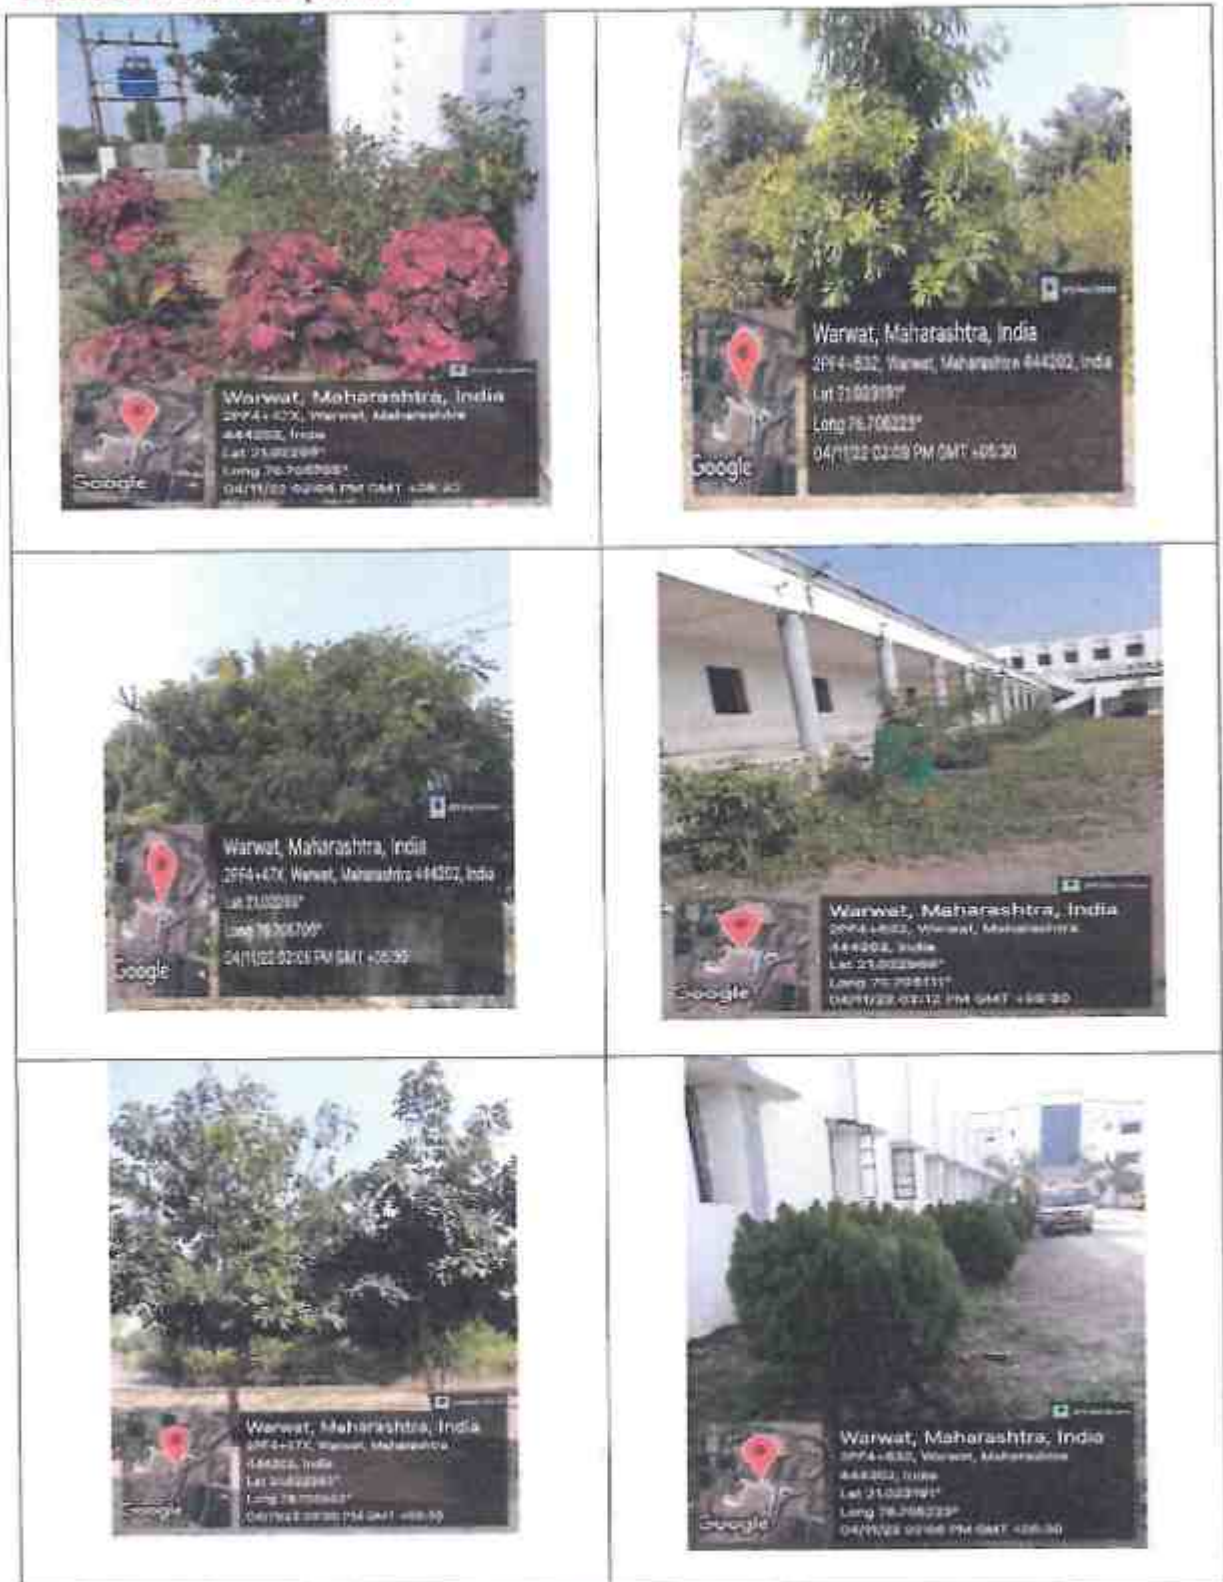

Our institution is committed to maintain the health and biodiversity of campus that eventually protect our environment. So, being a responsible citizen, we thought it as our duty to contribute something to make the world more beautiful. It was decided to work together so that coming together of the colleagues may reduce some sort of mental stress and explore the creativity. Thus, it became an interesting activity. On the one hand, campus became beautiful and clean, on the other we could know the value of team work. During "Shramdan" activity we planted flowering plants and cleaned the campus.

5. Disabled – Friendly, Barrier free environment

Policy regarding the facilities for persons with disabilities

The college does not have visually challenged persons as of now. As regards the physically challenged persons, the staff and library staff assist the physically challenged person in obtaining materials/ documents. They are given priority while issuing books. As far as visually challenged persons are concerned, they will be advised to take assistance from the blind school and other private charitable institutes.

However, here are the ramps constructed at essential locations for persons with disabilities. NCC volunteers including other students also work in this regard. They help the physical challenged persons to get the services. But there is no such person or student admitted in college during 2021-22 so far.

NCC DAY

Date : 28th November, 2021

Venue: College Premises

Introduction:

National Cadets Corps (NCC) day is celebrated every year on the fourth Sunday in the month of November. Likewise, the 72nd NCC day is being celebrated this year on November 24. The NCC was formed on 15th July 1948. However, the NCC day is observed throughout the country, on the fourth Sunday of November, because, it was on that day in 1948 when the first unit was raised in Delhi. The first Prime Minister of India, Pandit Jawahar Lal Nehru presided over the function of raising the first NCC Unit at Delhi on the last Sunday of Nov 1948. This day is traditionally celebrated as the 'NCC Day'.

Programme Description:

On 28th of November, 2021 to commemorate the NCC Day celebrations, the NCC Cadets of Arts & Commerce College, Warvat Bakal carried out various activities like Cleanliness, Weeding out the grass, Watering the plants and Lecture under the guidance of ANO. Lt. Nishigandh Satav, Dr. Subhash Pawar, Mr. Anand Dhundale, Mr. Nagesh Ingle were prominently present on this occasion. SUO Swapnil Panherkar, Cdt Shyam Chitode, Cdt. Manisha Bodkhe spoke about their experiences in NCC.

05. NO TOBACCO DAY

Date : 31st May, 2022

Venue: Seminar Hall

Objective:

- To create awareness about ill effects of Tobacco
- To spread the message of healthy life style

Program Highlights:

In order to create the awareness about the ill effects of tobacco on health, the NCC unit of college organized No Tobacco Day on 31st May, 2022. Addiction seems to be spreading among the youth which hampers the sound development of personality. NCC unit always works for the betterment of the society. As a part of social responsibility, this activity was found very essential in order to make the students aware about Tobacco and its side effects. Dr. D. K. Sherkar, Assistant Professor was the resource person on this occasion. He delivered detail information about the drug, alcohol and tobacco. His power point presentation found to be much effective to understand the fatality of tobacco chewing. The students who were present for the program had made the posters on this occasion which were displayed for all the students.

3. PROJECT ON “SEED BALL PREPARATION”

Date: 14/07/2020

Venue: Department of Botany

Participants: B.Sc. students

- Objectives:**
1. To enhance the latent skill of students
 2. To motivate students for tree plantation
 3. To create awareness regarding conservation of greenery.

Program Highlights:

Department of Botany assigned the students to make a project on seed ball preparation for green environment. The main objectives of this event was to create awareness about tree plantation and to save nature for next generation. All the staff members of Botany department guided the students to prepare seed balls and throw it into surrounding ground. Some YouTube videos were also shared with them for live demonstration. 63 students actively took part in this activity and they prepared seed balls of good quality by using seeds of various locally available plant species. Dr K. B. Theng, Dr D. K. Sherkar, Dr N. K. More & Mr S. S. Mhasal attempted a lot for the success of this event.

Outcomes-

1. The event could create interest for tree plantation.
2. Sensitized students for the importance of plants in human welfare.

OZONE DAY

Date: 16/09/2020

Venue: Zoology department

Program : Poster Making Competition

Mode: Online

Objectives:

1. To aware students about the ozone layer depletion and its aftermath.
2. To inculcate information of ozone layer protection.
3. To enhance level of creativity among the students.

Program Highlights:

The department of Zoology organized an E- poster competition to celebrate ozone day. World ozone day is celebrated every year on 16th September. Due to covid pandemic and lockdown across the world, we organized this event via virtual mode. 14 students participated in this program and created beautiful posters based on this year's theme "Ozone for life".

Among the 14 participants three participants performed outstandingly and for their presentation department felicitated them with I, II and III rank. E-Certificate of appreciation was given to all participants. Some of the best posters from all posters are depicted below-

The list of participants: 14

This year India has celebrated big butterfly month 2020 during the month of September. On this occasion, the department of Zoology organized Butterfly Diversity Competition during 05 September 2020 to 03 October 2020. In this Competition, students had to click pictures of locally found butterflies and compile the pictures of Butterflies with its information in the PDF Format. All the PDFs were asked to submit to department in soft copy on WhatsApp group. 60 students participated in this program and after examining Butterfly PDFs, the participants were ranked as follows:

STUDENT NAME	CLASS	RANK
Vinayak Damodar Dose	B.Sc III	I
Shubham Narayan Sarode	B.Sc I	II
Sayyed Uzair Ali.	B.Sc III	III

The above article in Newspaper motivated the students to participate in the event organized by State Biodiversity Board for the selection of national butterfly. Orange Oakleaf is declared as national butterfly.

Outcomes:

- ❖ The event helped to increase the observation skill among students.
- ❖ Students could know the Butterfly diversity in class insecta.
- ❖ The event specifically helped to create interest about scientific knowledge of butterflies.

Topic: Disaster Management

Disaster Management

A disaster is a sudden calamity or destruction involving great loss of life and property, or a widespread damage to the environment.

Disasters are caused by natural forces such as earthquakes, hurricanes, floods, droughts, and volcanic eruptions. They can also be caused by human activities such as wars, nuclear accidents, and industrial disasters.

Disaster management is the process of planning, organizing, and implementing measures to prevent, reduce, and recover from the effects of disasters. It involves a wide range of activities, including risk assessment, emergency preparedness, disaster response, and disaster recovery.

The main goal of disaster management is to minimize the loss of life and property and to ensure the continuity of essential services. This is achieved through a combination of prevention, mitigation, and response measures.

Disaster management is a multi-disciplinary field that involves the participation of government, private industry, and the community. It is a continuous process that requires regular updates and improvements.

International Tiger Day

International Tiger Day also known as global tiger day, is an annual celebration organized to raise the awareness about the importance of tiger conservation. It is held every year on 29th July.

Governments, NGOs and citizens across programs are that significance of protecting tiger from around tiger. Tiger was the subject of countless a thousand for their beauty, size and some times mythical stories associated with it. Much veneration of tiger is evident from the fact that tiger is still part of many national symbols and flags.

10. BIRD WEEK 2020

Date: 05/11/2020 to 12/11/2020

Mode: Online

Participant: B.Sc. Students

Program: PDFs of Photos, Sketches, Rangolis and Posters of Birds.

Objectives:-

1. To search and learn E-literature and image.
2. To identify current and relevant research topic.
3. To learn about environmental flora and fauna.
4. To write a technical report, present scientific view by means of photography.
5. To develop ability to work in online mode and also field work.

Program Highlights:

Due to the COVID-19 pandemic, the department of Zoology organised an online bird week ("Pakshi Saptah") to commemorate the birth anniversaries of Shri Maruti Chitampalli (5 November 1932) and Dr. Salim Ali (12 November 1896–20 June 1987). On this occasion, we held a competition of bird projects for B.Sc. students, which included a PDF compilation of photos, posters, rangolis, and sketches of local bird fauna, its information and importance in ecological balance. The idea behind this event was to introduce students to local flora and fauna, specifically birds. Students' observation, research, and technical abilities should be developed to enhance their practical skills and interests in nature, as they should be more aware of the environment and issues related to it. All of the faculty members of the department worked hard to make this event successful.

The compiled PDFs were submitted to respective class Whatsapp groups and uploaded to a Google form. For each submission, a participant received e-certificate generated through certify'em. The decision regarding the winners was made on the basis of theme, originality, creativity, visual impact and subject knowledge. The following students ranked I, II and III position in poster competition.

Student name	Class	Rank
ku. Anushri Ramdas Jalamkar	B.ScIII	I
Ku Vaishnavi Sunil Wakhare	B.ScI	II

2. NO TOBACCO DAY

DATE: 11/07/2019

Time: 11.00 A.M.

Venue: Seminar hall

Objectives:

1. To raise awareness about the harmful effects of tobacco use, including its impact on health, the environment, and the economy.
2. To promote healthy lifestyles and encourage young people to make informed choices about their health, including avoiding the use of tobacco and other harmful substances.
3. To encourage people to support policies and initiatives aimed at reducing tobacco use and exposure to secondhand smoke, such as taxation, smoke-free laws, and public education campaigns. The aim is to reduce the prevalence of tobacco use and protect public health, especially among young people.

Programme Highlights:

Chairman	Dr. Jagannath Chaudhari (Principal)
Guest of Honor	Dr. Subhash Gurjar (Head, Dept. of Economics)
Key Note Speaker	Dr. Rajendra Korde (Head, Dept. of Political Science)
Remark	In conclusion, the celebration of No Tobacco Day by the NSS Unit of Arts & Commerce College, Warvat Bakal was a success. The event provided an opportunity to raise awareness about the dangers of tobacco use and to encourage people to quit. The commitment of the college community to creating a tobacco-free environment is a testament to their commitment to promoting a healthy lifestyle.

Outcome:

1. **Increased Awareness:** The event raised awareness amongst students, staff, and the wider community about the harmful effects of tobacco use and exposure to second-hand smoke. This helped to educate people about the dangers of tobacco and encouraged them to make informed decisions about their health.
2. **Promoting a Tobacco-Free Lifestyle:** No Tobacco Day event provided a platform for promoting a tobacco-free lifestyle, highlighting the benefits of quitting and encouraging people to quit smoking. The event created a positive and supportive environment for those who are looking to quit and help them to stay committed to their goal.
3. **Building Community Support:** By bringing people together to discuss the dangers of tobacco use and the benefits of quitting, No Tobacco Day event helped to build a supportive community. This could help to reduce the stigma associated with quitting and provide people with the support they need to succeed. Additionally, the event could also raise awareness about the availability of resources and support for those who are looking to quit.

6. ELOCUTION ON WATER CONSERVATION

Date: 26/09/2019

Time: 12.00 PM

Venue: Seminar Hall

Objectives:

1. Education: To educate students and the college community about the importance of water conservation and the current challenges related to water resources.
2. Awareness: To raise awareness about the need for responsible water use and the impact of water scarcity on various aspects of life, including agriculture, health, and the environment.
3. Engagement: To engage students and the college community in discussions and activities related to water conservation and encourage them to take action to conserve water and promote sustainable water use practices.

Program highlights:

On this day NSS unit in collaboration with Nehru Youth Center, Buldana branch, Sangrampur organized Rashtriya Yuva Sansad and Elocution Contest. The competition focused on the water scarcity and measures taken by the government to save water. Chairperson of program was Dr. S. R. Gurjar and Chief guest was Dr. Rajendra Korde. The Guest of Honor talked about the youth against draught and he also elaborated on the importance of water. He further said that if the youth create awareness in every village about water conservation, it can also benefit agriculture. Program was anchored by Ku. Jayashri Wankhade, introductory speech given by Dr. Rajendra Korde and Vote of thanks by Ku. Ankita Bakal.

Output:

1. Increased Awareness: One of the main outputs of the contest is to increase awareness about the importance of water conservation and the challenges related to water resources. Participants and attendees can gain a better understanding of the issue and its impact on their lives and the environment.
2. Improved Knowledge: Another output of the contest is to improve participants' knowledge about water conservation and the measures that can be taken to conserve water. Participants can learn about best practices, innovative technologies, and initiatives that are promoting sustainable water use.
3. Engagement and Action: The contest can also serve as a platform for engagement and action. Participants and attendees can engage in discussions, debates, and hands-on activities related to water conservation, and be inspired to take action to conserve water and promote sustainable water use practices.

7. POSTER COMPETITION

Date:-07/02/2020

Time:- 1.00 pm

Venue: - Zoology Department

Objectives:-

1. By organizing a poster competition, students can learn about the latest advances and developments in the field of biotechnology and share their knowledge with others. This can help to raise awareness and understanding of biotechnology among students and the wider community.
2. A poster competition can provide students with an opportunity to engage in scientific research and express their creativity in a visual form. This can help to encourage students to pursue their interests in biotechnology and related fields and develop their research skills.
3. By evaluating the posters submitted by students, the competition can provide a platform to assess the knowledge and skills of students in the field of biotechnology. This can help to identify areas where students need further support and encourage further learning and development.
4. A poster competition can create a competitive environment among students and encourage them to work together to achieve a common goal. This can help to foster collaboration and teamwork among students and provide them with a sense of accomplishment.

Program Highlights:-

Chairperson of the Program	Dr. J. S. Chaudhari (Principal)
Jury Pannel	1) Mr. S. S. Mhasal (Head department of Botany) 2) Mr. N.D. Dahake (Head Department of Chemistry)
Remark	<p>The Poster Competition was held on 7th February, 2020 at Dept. of Zoology and had 76 in attendance out of which 30 drew the posters. The theme of the competition was Biotechnology and related fields including Molecular biology, Advance genetics, Biochemistry, Cell and Developmental Biology, Ecology and Environment, and Immunology.</p> <p>The competition was organized by Dept. of Zoology, and was aimed at providing students with an opportunity to showcase their knowledge and creativity in the field of Biotechnology. Participants were asked to submit posters that explored different aspects of the theme, including cutting-edge research, current trends, and innovative approaches to solving real-world problems.</p> <p>The posters were evaluated by a panel of judges consisting of Mr. Santosh Mhasal (Head, Dept. of Botany) & Mr. Nityanand Dahake (Head, Dept. of Chemistry), who were experts in the field. The judges evaluated the posters based on criteria such as creativity, relevance to the theme, and the quality of the research presented.</p> <p>The competition was a great success, with a high level of participation and engagement from students. The posters submitted covered a wide range of topics and provided insights into the latest developments in the field of Biotechnology. The judges were impressed with the quality of the posters and praised the participants for their efforts.</p> <p>The winners were awarded prizes or certificates.</p> <p>Overall, the Poster Competition was a valuable learning experience for students and provided a platform for them to showcase their knowledge and skills. The competition was well-received by the participants and the organizers are already planning to host another similar event in the future.</p>

Result of Poster Competition

Ku. Shweta Narendra Pathrikar	B.Sc.III	I
Ku. Anushri Ramdas Jalankar	B.Sc.II	II
Ku. Manisha Sanjay Bakal	B.Sc.III	III
Ku. Madhura Surendra Gawande	B.Sc.II	Consolation
Ku. Snehal Suresh Gotmare	B.Sc.III	Consolation
Ku. Suvama Nilkant Khumkar	B.Sc. III	Consolation

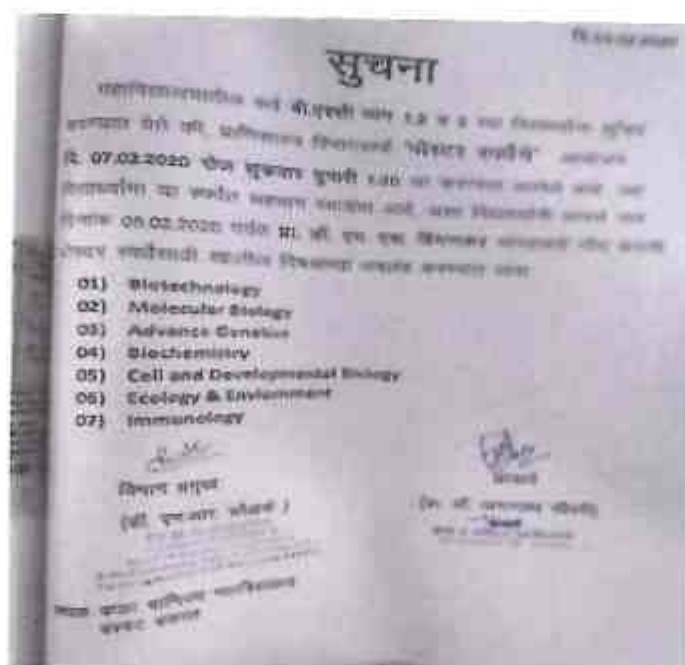

B) In Group

Group student name	Class	Rank
Ku. Ashwini Dinesh Hame Ku. Nikita Prakash Rajankar	B.Sc.II	I
Ku. Vaishnavi Shivhari Adhav Ku. Ankita Digambar Khalape	B.Sc.I	II
Ku. Ashwini Santosh Chaudhari Ku. Dipali Anil choudhari	B.scI	III
Ashish Gajanan Wankhade Ajay Sanjay Wagh Navin Govardhan Pargharmor	B.Sc. I	Consolation

Outcomes:

1. Improved Knowledge and Understanding of the participants
2. Enhanced Creativity and Research Skills
3. The event could boost participants' confidence and provide them with a sense of accomplishment.
4. Students could meet and interact with other students who share their interests and passion for biotechnology. This could help to create a network of peers who could support each other in their learning and research endeavors.
5. The event could help to create a culture of learning and discovery in the community and foster the next generation researchers.

NATIONAL SCIENCE DAY

Date: 28 February 2020

Time: 1.30 pm

Venue: Seminar hall

Objectives:

1. To raise awareness about the significant contributions of women in the field of science and highlight their role in shaping the future of science and technology.
2. To encourage more women to pursue careers in science and break down the gender barriers that still persist in this field.
3. To educate the public about the importance of promoting gender equality in science and the need for a diverse and inclusive scientific community.

Program Highlights:-

Chairman of the Program	Mr. S. S. Mhasal (Head, Dept. of Botany)
Chief Guest	Dr. M. S. Hingankar (Dept. of Zoology)
Key Note Speaker	1) Mr. N.D. Dahake (Head Department of Chemistry) 2) Dr. Kishor Theng (Dept. of Botany) 3) Dr. M. R. Solanke (Head, Dept. of Zoology)
Remark	<p>The National Science Day was celebrated at the college with great enthusiasm and fervor. This day is celebrated to commemorate discovery of "Raman Effect" which led to sir C. V. Raman winning the Noble prize. The theme of this year's celebration was "Women and Science." The event aimed to recognize the contribution of women in the field of science and encourage more women to take up careers in science and technology.</p> <p>The celebration kicked off with an introductory speech Dr. Megha Solanke, who emphasized the significance of the theme and highlighted the role of women in shaping the world of science.</p> <p>Dr. Kishor Theng also spoke about Indian Women Scientists and their contribution in research area.</p> <p>During presidential speech Mr. Santosh Mhasal highlighted on the importance of science in human life. He motivated the students to participate in sciences related events. Students of Class B.SC.III year Miss. Snehal Gotamare and Miss. Sweta Pathrikar delivered speech on this occasion. Overall, the National Science Day celebration at the college with the theme "Women and Science" aimed to recognize the contribution of women in the field of science, encourage more women to take up careers in science and technology, and promote the idea of gender equality in the world of science.</p>

Outcome:

1. Awareness Raising: Celebrating National Science Day with a focus on women in science could raise awareness about the importance of gender equality and the contribution of women in scientific fields.

2. Encouragement of Women in Science: The event could serve as a platform to encourage and inspire young girls and women to pursue careers in science and technology.
3. Recognition of Women Scientists: Celebrating National Science Day with a theme on women and science provided an opportunity to recognize and honor the achievements and contributions of women scientists and researchers in various fields of science.

9 WILD LIFE DAY CELEBRATION

Date: 3 March 2020

Time: 4:00 P.M. Venue: Botany Department

Objectives:

1. To raise awareness about the significance of preserving wildlife and their habitats, and the role they play in maintaining ecological balance.
2. To educate the students about the threats facing wildlife, including habitat loss, poaching, poaching, hunting, and climate change, and encourage action to protect them.
3. To promote conservation efforts, such as wildlife protection laws, sustainable tourism, and community-led conservation initiatives, and to encourage the public to get involved in these efforts.

Program Highlights:-

Chairman of the Program	Dr. Dnyaneshwar Sherkar (Department of Botany)
Chief Guest	Dr. M. R. Solanke (Head of Zoology department)
Kay-note Speaker	Dr. M. S. Hingankar (Department of Zoology)
Remark	World Wild Life Day was organized by the Departments of Zoology and Botany on 3 rd March 2020. This day is celebrated as world wild life day all over the world to ensure the sustainable development of forests and wild life. The program was held at botany department wherein 92 students were present. This day was celebrated to know varied forms of wild fauna and flora and to raise awareness of the multitude of benefit that its conservation provides to people. Overall, World Wildlife Day was a successful event at the College, and it helped raise awareness about the importance of preserving wildlife and their habitats.

Outcomes:

1. Increased Awareness: Celebrating World Wildlife Day at the college helped increase awareness about the significance of preserving wildlife and their habitats among students and staff members.
2. Engagement and Empowerment: The interactive session provided students with an opportunity to engage with the issue and share their thoughts and ideas on how they can contribute to wildlife conservation. This helped empower them to take action and be proactive in protecting wildlife.
3. The celebration of World Wildlife Day helped instill a sense of responsibility in individuals to take action and make a positive impact on the environment.

10. NATURAL COLOR PREPARATION FOR ECO-FRIENDLY HOLI-2020

Date: 07/03/2020

Time: 02:00 pm

Venue: Department of Botany

Participants: B.Sc. Ist, IInd & IIIrd students

Objectives:

1. To enhance interest of students towards biodiversity conservation.
2. To aware students regarding water pollution.
3. To encourage Students for conservation of water.
4. To display all the activities, efforts and achievement regarding human health and environmental pollution.

Programme Highlights:

Due to over use of chemical colors to celebrate holi festival leads to water pollution, soil pollution and causes adverse effect on human health. To avoid such problem department of Botany, Art commerce college, Warvat Bakal decide to prepare eco-friendly color by using plant parts and plant products. On March 1st all the staff member from the department decided to guide the students regarding this aspect and preparation the procedure as well as selection of plant material was carried out. On 3rd March 2020 eco-friendly color preparation workshop was conducted in Department of Botany, demonstration on how to prepare natural color by using plants and plant products was given to students by Dr K.B. Theng and Dr D. K. Sherkar. Students take active participation in the workshop and more than 15 Different color and color shades were prepared by students.

While addressing to students Prof. S. S. Mhasal Head, Department of Botany said that use of chemical color is hazardous to not only human health and pollution, it also has an effect on flora and fauna of that particular area. Number of beneficial microbes as well as plant died because of such chemicals. He further stated that use of such natural color is a very good alternative for chemical colors as it is eco-friendly and cost efficient. Dr N. K. More Proposed vote of thanks. For the successful completion of the workshop all the staff members take lot of painstaking effort. Umesh Wankhade and Ankit Ingle provide all the necessary facilities for the workshop.

Outcomes:

- This event helps the students to know the natural colors preparation from flowers, leaves, fruits and vegetables at homes.
- They understand the importance of natural colors for eco-friendly celebration of festival without any side effects and as a good alternative for chemical colors and their hazardous effects.

Remark	<p>On 13th October, 2018, NCC cadets at Arts & Commerce College, Warvat Bakal organized a poster making activity on the theme of Swachh Bharat Abhiyan (Clean India Campaign). The objective of the activity was to raise awareness about the importance of cleanliness and personal hygiene, educate the public about waste management and inspire them to contribute to creating a cleaner and healthier India.</p> <p>The poster making activity was conducted by NCC cadets Ganesh Wankhade, SUO Arti Dhole, Cdt Punam Gavande, and Cdt Vaibhav Waghade. The posters created by the cadets were visually appealing and conveyed the message of cleanliness and hygiene effectively.</p> <p>The event was attended by prominent individuals, including Mr. Haribhau Ingle, Dr. Subhash Pawar, Mr. Santosh Bhagat, and Lieutenant Nishigandh Satav. They appreciated the efforts of the NCC cadets in promoting cleanliness and personal hygiene and expressed their support for the Swachh Bharat Abhiyan.</p> <p>In conclusion, the poster making activity was a successful initiative in raising awareness about the importance of cleanliness and the role individuals can play in the Swachh Bharat Abhiyan. The posters created by the NCC cadets will be displayed in prominent areas of the college, inspiring students and staff to adopt clean habits and contribute to creating a cleaner and healthier environment.</p>

Outcomes :

1. Increased Awareness: The poster making activity aimed to raise awareness about the Swachh Bharat Abhiyan and the importance of cleanliness and personal hygiene, leading to increased knowledge and understanding.
2. Improved Education: The posters created by NCC cadets provided an educational platform to teach the public about waste management and the role they can play in achieving the goals of the Swachh Bharat Abhiyan, leading to improved understanding and knowledge.
3. Encouraged Participation: By inspiring individuals to contribute to the Clean India Campaign, the poster making activity encouraged participation and encouraged individuals to adopt clean habits and contribute to creating a cleaner and healthier environment. The visually appealing posters will also inspire individuals to take action and join hands in the Swachh Bharat Abhiyan.

YOUTH AGAINST DRAUGHT

Date : 25/01/2019

Time: 10.30 A.M.

Venue: College Campus

Objectives:

1. To create awareness about the forthcoming draught.
2. To motivate the students to save and conserve water.
3. To create a sense of environmental consciousness among the stakeholders.

Program highlights

Participants	Dr. Subhash Gurjar (Head, Dept. of Economics) Mr. Rajendra Korde (Head, Dept. of Political Science) Mr. Nishigandh Satav (IQAC Co-Ordinator) Pani Foundation Activist- Mr. Vivek Wankhade , Mr. Pratap Marode, Mr. Jivan Gavande, Mr. Ashok Kharpude, Miss Seema Umale, Mr. Krushna Avate, Mr. Ravi Bidkar, Mr. Prashant Devale, Mr. Raju Bhusari, Mr. Tushar raut, Mr. Pravin Pathrikar
Remark	On 25th January 2019, the college organized an awareness program on forthcoming draught because of increasing scarcity of water. The decreasing ground water level is a matter of great concern. So, in order to create awareness among the students and other stakeholders the Pani Foundation Team of Sangrampur Taluka conducted a workshop at college campus. The Technical Experts of the Team demonstrated the Water Conservation Methods. The event was successful enough to bring the expected outcomes.

Outcomes :

1. Increased Awareness: The organization of 'Youth Against Draught' created awareness regarding changing climate and its adverse effect on ground water level.
2. Inspired the participants: The event inspired the participants to contribute something to the giant work started by Pani Foundation in Maharashtra.
3. Developed the Team Spirit: Water Conservation is not the miniature task which can be performed individually. It is a team work which require the unanimous efforts. This event could convince the participants the importance of team work.

5.SPARROW DAY

Date : 20/03/2019

Time: 09.30 A.M.

Venue: College Campus

Objectives:

1. **Conservation Awareness:** The celebration of Sparrow Day aimed to raise awareness about the importance of conserving sparrows and their habitats. It aimed to educate students and the public about the declining populations of sparrows and the reasons for it, as well as the steps that can be taken to conserve them.
2. **Habitat Restoration:** The celebration aimed to encourage students and the public to restore sparrow habitats by creating nesting sites and providing food and water sources. This would help in supporting the local sparrow populations and promoting their conservation.
3. **Community Engagement:** The celebration aimed to engage the college community and the public in conservation efforts by providing them with opportunities to participate in activities and events that promote sparrow conservation. The celebration aimed to encourage individuals to take action and contribute to the conservation of sparrows and their habitats. By working together, the college community could help in ensuring the long-term survival of sparrow populations.

1. GREEN DAY

Date : 05/07/2017

Time: 10.00 A.M.

Venue: College Campus

Objective:

1. **Environmental Awareness:** The celebration of Green Day in college is an opportunity to raise awareness about environmental issues and to educate students on the importance of protecting the environment. This can include information on topics such as pollution, waste management, and conservation.
2. **Encouragement of Sustainable Practices:** Celebrating Green Day can encourage students to adopt more sustainable practices in their daily lives. This can include things like reducing energy and water usage, recycling, and reducing waste.
3. **Building a Sustainable Future:** The ultimate objective of Green Day is to help build a more sustainable future for everyone. By raising awareness and encouraging sustainable practices, students can play a role in creating a greener and more sustainable world for future generations.

Program highlights

Chairman of the Program	Mr. Baliram Gite (PI, Police Station, Tamgaon)
Guest of Honor	Mr. Navanath Kamble (Forest Officer, Sonala)
Key Note Speaker	Mr. Panjabrao Thakare (Reporter, Daily Sakal)
Remark	<p>The Arts & Commerce College in Warvat Bakal celebrated Green Day on July 5th, 2017 with a focus on promoting environmental awareness and sustainable practices. Mr. Baliram Gite, a Police Inspector, presided over the event.</p> <p>The guest of honor was Mr. Navanath Kamble, a Forest Officer from the Sonala region, who spoke about the importance of preserving and protecting the environment. The keynote speaker was Mr. Panjabrao Thakare, a reporter from the Daily Sakal, who gave an insightful speech on environmental issues and the role of individuals in creating a sustainable future.</p> <p>The event was organized by Mr. Nishigandh Satav, an ANO with the NCC, who did an excellent job in ensuring that the celebration was a success. The event was well attended by students, staff, and members of the local community who were all inspired by the speakers and their messages.</p> <p>Overall, the Green Day celebration at the Arts & Commerce College in Warvat Bakal was a great success, and it helped to create awareness about the importance of protecting the environment and adopting more sustainable practices.</p>

Outcomes :

1. **Increased Environmental Awareness:** The celebration of Green Day helped to raise awareness about environmental issues and the importance of protecting the environment. Participants were exposed to information and discussions on topics such as pollution, waste management, and conservation.
2. **Adoption of Sustainable Practices:** The Green Day celebration encouraged participants to adopt more sustainable practices in their daily lives. This included things like reducing energy and water usage, recycling, and reducing waste.
3. **Building a Sustainable Community:** The celebration of Green Day helped to build a sense of community among the participants and create a shared commitment to creating a more sustainable future. This can help to foster a culture of sustainability in the college and surrounding community, inspiring individuals to take collective action towards a greener future.

3. CONGRESS GRASS ERADICATION FROM THE COLLEGE CAMPUS

DATE: 09/08/2017

Time: 10.00 AM

Venue: College campus

Objectives:

1. To inculcate the value of cleanliness
2. To maintain the clean atmosphere within the campus

Program highlights:

On 9th August 2017 NSS unit of Arts and Commerce College, Warwat Bakal eradicated congress grass from the campus. Congress grass (*Parthenium hysterophorus*) is a noxious weed. This weed is considered to be a cause of allergic respiratory problems, contact dermatitis, mutagenicity in human and livestock. Also, aggressive dominance of this weed threatens biodiversity. Control of this noxious has to be done and therefore NSS organized this eradication drive. NSS volunteers enthusiastically participated in this activity and eradicated the congress grass from the campus.

Outcomes:

1. NSS volunteers cleaned the campus by eradicating congress grass.
2. Spirit of teamwork and enthusiasm of NSS volunteers could be seen.
