Natural Color Preparation for Eco-Friendly Holi-2022-23

Date: 06/03/2023

Time: 02:00 pm

Venue: Department of Botany

Participants: B.Sc. Ist, IInd & IIIrd students

- Objectives:**
1. To enhance interest of students towards biodiversity conservation.
 2. To aware peoples through slogans and posters regarding ill effects of colours prepared from chemicals artificially.
 3. To encourage Students for conservation of water.
 4. To display all the activities, efforts and achievement regarding human health and environmental pollution.
-

Program Highlights:

Due to over use of chemical colors to celebrate holi festival leads to water pollution, soil pollution and causes adverse effect on human health. To avoid such problem department of Botany, Art & commerce college, Warwat Bakal decide to prepare eco-friendly color by using plant parts and plant products. On March-06 all the staff member from the department decide to guide the students regarding this aspect and preparation the procedure as well as selection of plant material was carried out. On 06 March 2023 eco-friendly color preparation workshop was conducted in Department of Botany, demonstration on how to prepare natural color by using plants and plant products to students was given by Dr K.B. Theng and Dr D. K. Sherkar. Students take active participation in the workshop and more than 10 Different color and color shades were prepared by students. Total number of 20 students participated in this event.

While addressing to students Prof. S. S. Mhasal Head, Department of Botany said that use of chemical color is hazardous to not only human health and pollution, it also affect on flora and fauna of that particular area. Number of beneficial microbes as well as plant died because of such chemicals. He further stated that use of such natural color is a very good alternative for

chemical colors as it is eco-friendly and cost efficient. Dr N. K. More Proposed vote of thanks. For the successful completion of the workshop all the staff members take lot of painstaking effort. Staff members provide all the necessary facilities for the workshop.

Also, the peoples at Warwat bus stand, shopkeepers encourage using natural colours and also told them ill effects of colours prepared from chemicals by giving pamphlet.

Outcomes: -

1. Students now knows the importance of use of natural Colours during holi festival & knows that that is beneficial for Humankind& environment also by preventing water pollution.
2. Students got satisfaction for spreading their knowledge regarding benefits of use of natural colours to the people.

इको फ्रेंडली होळी....

नैसर्गिक रंगासोबत.....

रंग प्रेमाचा, रंग स्नेहाचा, रंग नात्यांचा, रंग बंधांचा,
रंग हर्षाचा, रंग उल्हासाचा, रंग नव्या उत्सवाचा....

पण कधी कधी रंगाचा बेरंग होतो, रासायनिक रंगामुळे मोठ्या प्रमाणात प्रदूषण होते व विविध आजार उद्भवतात. चला तर या होळी व रंगपंचमीला संकल्प करूया, नैसर्गिक रंगांचा वापर करून पर्यावरण पुरक होळी व रंगपंचमी खेळूया.....

- वृक्ष जीवन आहे त्याला नष्ट करू नका.
- एक गाव एक होळी व छोटी होळी करूया.
- होळी निमित्त झाडे लावा, झाडे जगवा हा संकल्प करूया.

रासायनिक रंगामध्ये विविध घातक रसायने असतात, जसे काळा रंग (ऑक्साइड), निळा रंग (प्रशियन नीळ), हिरवा रंग (कॉपर सल्फेट). त्यामुळे रासायनिक रंग वापरणे धोक्याचे आहे. होळी व रंगपंचमीला वनस्पतीची पाने, फुले, फळे वापरून विविध नैसर्गिक रंग तयार करू शकतो. झाडांची फुले जसे की गुलाब, जास्वंद, पळस, झेंडू त्याचप्रमाणे हिरव्या भाज्या (पालक, मेथी, बीट), हळद, बेल फळ, आवळा फळ तसेच गहू व ज्वारी यांची पाने वापरून सुद्धा रंग तयार करू शकतो.

इको-फ्रेंडली होळीसाठी विद्यार्थ्यांनी केली जनजागृती

संग्रामपूर, दि. ९ (प्रतिनिधी)

कला व वाणिज्य महाविद्यालयातील वनस्पतीशास्त्र विभागातर्फे यावर्षी होळीनिमित्त नैसर्गिक रंग निर्मिती व इको-फ्रेंडली होळी याविषयी विद्यार्थ्यांद्वारा ६ मार्च रोजी जनजागृती करण्यात आली.

रासायनिक रंगामुळे मोठ्या प्रमाणात प्रदूषण होते व विविध आजार उद्भवतात त्यामुळे ही होळी पर्यावरणपुरक होळी साजरी करूया, असा संकल्प यावेळी घेण्यात आला. वनस्पतिची पाने, फुले व फळांपासून नैसर्गिक रंग निर्मिती करून इको-फ्रेंडली किंवा पर्यावरणपुरक होळी साजरी करू शकतो, अशी माहिती लोकांना देण्यात आली.

पुष्पवनस्पती गुलाब, जास्वंद, पळस, झेंडू व हिरव्या पालेभाज्या पालक, मेथी, चिट, हळद, बेल व आवळ्या फळ ई. पासून नैसर्गिक रंग कसा करावा याविषयी वनस्पतीशास्त्र विभागाच्या वर्ताने विद्यार्थ्यांना मार्गदर्शन मिळण्यासाठी कार्यशाळा घेण्यात आली. या उपक्रमाला वनस्पतीशास्त्र विभागाचे विभाग प्रमुख प्रा. संतोष म्हसाळ, प्रा.डॉ. डि के शेरकर व प्रा. डॉ. किशोर टेंग, प्रा. डॉ. एन के मोरे यांचे मार्गदर्शन विद्यार्थ्यांना लाभले.

Poster competition on “Fungi for Agriculture”

Date: 28/09/2022

Venue: Department of Botany

Participants: Students of various colleges

Objective:-

1. To aware the students regarding importance of fungi.
 2. To encourage students for mycological research.
 3. To motivate students for spreading knowledge about use of fungi in agriculture.
-

Program Highlights: -

Fungi are very well known for its pathogenic and saprophytic activity. In our day to day life we are facing many problems caused by various fungi like- food spoilage, fruit spoilage etc. To control the damage done by various pathogens along with fungi, farmers use various type of pesticides, insecticides and pesticides. The excessive use of such chemical pesticides shows negative impact on human health. Now a day to fulfill the requirement of increasing population, farmers use differential chemical fertilizers to increase the productivity. Use of such fertilizers reduces the soil fertility, increase the salinity of soil. For that shake we require an alternative for this, to retain the soil fertility, and getting healthy food. Use of biofertilizers and biopesticides instead of chemicals is a good alternative to achieve above goal. Differential techniques of integrated pest management also help to minimize the attack of pathogens. By considering above need and requirement, Department of Botany, Arts & Commerce College Warwat Bakal and Mycological society of India, Amravati unit took initiative to aware peoples about use of fungi to increase the agricultural productivity. A poster competition was organized at Department of Botany, Arts & Commerce College, on “Fungi for

Agriculture". 57 participants have actively participated in this competition and made posters on various aspects of fungi. Program was inaugurated with the presence of Mr. Krushnaraoji Ingle ex MLA and President of Satpuda Education Society, JalgaonJamod. In his talk he explained the importance of differential agricultural practices for increasing the productivity. He shares certain examples during his education as well as farmers experiences during cultivation practices with students. In the introductory speech Mr. S. S. Mhasal, Head Department of Botany, emphasized on the commercial importance of fungi in the field of agriculture, industry and medicines. Use of Mycorrhiza forms a colonization with roots of crop plant and increases its absorption capacity, will help to getting water and minerals. Use of Trichoderma instead of chemical pesticides restricts the growth of many fungi to retain the yield. In the presidential speech Dr. R. S. Korde, Principal, Arts &Commerce College, guided the students and motivated them to participate in such activity. They inspire students to spread the knowledge about use of fungi during farming. To participate in such extension activities and aware people about the use of biopesticides as well as biofertilizers is our social responsibility. Program was anchored by Dr. K. B. Theng and Dr. D. K. Sherkar propose vote of thanks. All the teaching and non-teaching staff members took painstaking efforts for the successful completion of this program.

Program Outcomes: -

- 1) Students get motivated for participation in extension activities.
- 2) Students got aware about the use of biopesticides and biofertilizers.
- 3) Increases knowledge regarding the hazardous effect of chemical pesticides and fertilizers.

Wild life Week

Date: 2 to 8 oct. 2022

Venue: ICT room and Seminar hall

Objective:

1. to inculcate the value for wildlife in students
2. to celebrate wild life week
3. To enhance student knowledge about animal diversity from Non-Chordates to Chordates.

Program highlights

Chairman of Programme	Dr. Rajendra Korde
Guest of Honor	Miss Prajakta N. Bathe
Remark	<p>On the occasion of wild life week Department of Zoology organized various activities in the college. National wild life week is celebrated from 2 to 8 October every year in India. This week aims at protecting and preserving India's flora and fauna. Wild life week was conceptualized in 1952 with a long-term goal to safeguard the lives of the endangered and threatened species of animals.</p> <p>So, to celebrate this wild life week we organized Guest lecture of Miss Prajakta N. Bathe, Head and Assistant professor of Zoology of B. S. Patel Arts, Commerce and Science college, Pimpalgaon Kale, Tq. Jalgaon Jamod Dist. Buldana on 4th oct at 11.50 AM on Topic "Animal diversity from Non-Chordates to Chordates". She gave enthusiastic and informative lecture on diversity of animal. Principal Dr. Korde was president of the programme, he told the students about the importance of Wild life and asked students to protect the wildlife.</p>

--	--

Outcomes:

1. Guest lecture created awareness about conservation and protection of wild life.
2. Guest lecture inspired students about possible future in wild life conservation.
3. It broaden students' horizons to see the world outside of their classroom
