C: ACTIVITIES THAT ARE SUCCESSFULLY IMPLEMENTED BASED ON THE STRATEGIC PLAN

For any institution, strategic planning is indispensable to accomplish the Vision, Mission, and Core Values. Strategic planning is unending processes with an exact focus on achieving college goals in this stiff competition era. Over the past two decades the college has shown tremendous growth. If college branding has to be upgraded, strategies must be formulated, communicated and implemented effectively, only then the college will be upgraded or will become one of the top most college.

The long term & short-term goals of college are discussed, defined and guided by the management, principal, HODs, faculty, non-teaching staff, and students. College always implements the plans and policies with a strategic directive given from the top administration management. Following are few activities that are successfully implemented based on the strategic plan for the development of the college.

- An Internal Quality Assurance System and CDC continually monitor the procedures and maintain quality of the procedures, to oversee the process of compiling the internal assessment, and activities in the college.
- Subject teacher of each department under the able guidance of principal, had done checking and moderating of the internal assessment of the students before uploading marks to the SGBAU evaluation software.
- Various Committees were constituted by principal in academic council meeting monitors, controls and evaluates the academic working in the college.
- Results were discussed in detail at the meetings with HOD in management meeting. Result analysis at management meeting leads to action plans and improvement strategies, which were implemented by every department in college.
- Each stream had conducted orientation program successfully to convey the message of code of conduct to all stakeholder.
- Extension activities were carried out through NCC and NSS.
- Various certificate courses were introduced in this academic session.
- The new prescribed books / reading materials for courseware were made available in the library.
- Guest lectures, extra classes and remedial classes were scheduled.
- Feedbacks of students were taken to improve and upgrade performance of the teachers.

Thus, it is clear that the college has made a concerted effort to reach out to various sources and sectors to carry out the above-mentioned activities as outlined in its Strategic Plan, and has been successful in implementing for overall betterment of the college.

D: PERSPECTIVE PLAN

After analyzing the internal and external environment, the following plans are projected after a discussion on the basis of analysis, assessment and estimates.

Strategic and perspective plan

1. First and most important to prepare for third cycle of NAAC accreditation.
2. Ensuring skill development and starting new certificates courses. The college plans to increase remedial classes and introduce short term courses for students, which shall supplement their graduation and make them employment ready.
3. Each stream will conduct Orientation Program for all new students to briefed about the values and functioning of the college as well as their role in it.
4. Promoting research and development work among teachers and staff members.
5. Carrying out extension activities through NCC and NSS.
6. Application will be made for the process of establishing the Research Center for History subject.
7. National and international conferences shall be organized in different disciplines and on inter- disciplinary themes.
8. Focusing in the improvement of teacher's profile.
9. Encouraging teachers to used ICT tools for teaching.
10. Encouraging students to participate at various level of competition.
11. AMC will be carried out for routine maintenance of IT infrastructure, electrical infrastructure, physical infrastructure i.e. existing building and also revitalization of infrastructure.

E: ONE ACTIVITY THAT WAS SUCCESSFULLY IMPLEMENTED BASED ON THE STRATEGIC PLAN WAS STARTING OF NEW CERTIFICATE COURSES FOR STUDENTS TO DEVELOP AND STRENGTHEN THEIR CAREER SKILLS.

Certificate programs were designed with a view to develop and strengthen specific career skills of the students. Courses were designed in such a way that students can learn more about what they can study in a degree program. These certificate programs are considered as a continuing education because they build on students' knowledge of a particular subject. It also helps students to showcase their competency, commitment for the profession, build expertise in their professional subject area, and helps to increase their job seeking skills. These courses provide in-depth knowledge of the subject needed to perform a task efficiently and provide a wide range of skills to a student so that they can perform well when dealing with complex situations while performing their duties at a job or task. The curriculum of these courses is designed in such a way that it includes all practical skills to be used at the workplace. When students will be having a prior knowledge of his subject area then it will help them to perform much more confidently and efficiently at workplace. To implement this strategy, the IQAC coordinator had instructed the coordinators of these courses to start these courses and for that necessary arrangements and facilities were made available.

Since our college is having a decentralized and participative management system with sufficient independence for all staff members of the college, which helps in maintaining and developing better inter-relationships among all departments. The result of this initiative activity was seen in the fact that most of the students enrolled for these courses successfully completed the course and obtained the certificate.

In order to successfully implement this activity, it was decided to implement this activity according to the following stages.

- Approval from management: At the first stage the IQAC coordinator put a proposal in front of the principal to start a new certificate course, then he sought permission from the management, which was approved and then the principal asked the IQAC coordinator to take action on it.
- Appointment of Coordinators: Thereafter, coordinators were appointed by respective HOD's to whom these courses were asked for these courses and it was clarified that they should bear all the expenses incurred for these courses.
- Designing of courses: After the appointment of these coordinators, they designed and developed the curriculum for these courses.
- Action plan: At this stage the mode of teaching and exam was decided.
- Execution: At this stage who will teach, allotment of room for teaching according to the time table, exam was conducted and distribution of certificates to the students were done. Lastly, the results of this activity were that it was successfully designed, developed and implemented in accordance with the plan.

Subject: Submission of proposal to start certificate course in Chemistry.

Sir,

The department of Chemistry is herewith submitting the proposal to start the certificate course entitled 'Certificate Course in Fundamental Chemistry' from this academic year to cater the need of the students seeking their UG degrees in the institution. This course shall be commenced from 01/01/2023

You are requested to peruse the proposal and grant the permission to introduce such a certificate course of immense relevance. Kindly endorse and oblige.

Date: 26/12/2022

**A Proposal to start certificate course in
chemistry**

Name of the Course
'Certificate Course in Fundamental Chemistry'

Submitted by
Department of Chemistry
2022-2023

A Proposal to start Certificate Course in Chemistry
Department of Chemistry

- 1) **Name of the Course:** 'Certificate Course in Fundamental Chemistry'
- 2) **Code of Course:** CCFC- 06
- 3) **Course Coordinator:** Dr. V.D. Ingale
- 4) **Eligibility:** Student admitted to UG Program of the college.
- 5) **Intake Capacity:** 40
- 6) **Course Objectives:**
 - a. Students will be able to understand and recognize basic and fundamental concepts in chemistry.
 - b. This course is focus mainly to build fundamental and basic knowledge of students.
 - c. This course will help students and professors to learn new things in digital classrooms as this course will mainly run of digital platform.
- 7) **Contact Hours:** 40 Hrs.
- 8) **Course Content:**

A] Unit I: General Inorganic Chemistry (14 Hours)

What is inorganic chemistry? Study of periodic table with general properties, Structure of atoms, Octet rule, Lewis's dot structure, nature of chemical bond, Quantum numbers, how to write electronic configuration., classification of elements, Acid-Base and salts, P^H Scale, shapes of s, p, d and f orbitals, hybridization. Calculation of oxidation states, Buffer solutions.

B] Unit II: General Organic Chemistry (12 Hours)

What is organic chemistry? IUPAC nomenclature of alkane, alkene and alkyne writing of organic structures, Curley arrows in organic chemistry, different functional groups in organic chemistry, inductive effect, electrometric, resonance or mesomeric effect, hyperconjugation, nucleophile and electrophile, types of reactions, stereochemistry, resonating structures, aromatic compounds, reduction and oxidation.

C] Unit III: General Physical Chemistry (14Hours)

Molecular weight calculation, equivalent weight, mole concept and Avogadro's number, mole fraction, molarity, molality, normality, basic concept in thermodynamics-system, surrounding and types of system, properties if system, state function and path function, types of the process.

Gaseous state- measurable properties of gases, Boyle's Law, Charles's law and Gay-Lussac law, Ideal gas and its equation.

Head
Department of Chemistry

Scheme of Examination

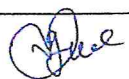

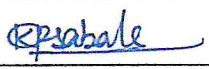

- a. There shall be a paper of 100 marks.
- b. The passing percentage shall be of 60 %.
- c. Theory paper shall be of 60 marks.
- d. Internal Assessment 40 Marks.
 1. Home Assignment –20 Marks
 2. Seminar / Activities / Presentation – 20 Marks
