Tree Plantation

Date: 16/07/2022

Time: 08.30 A.M.

Venue: College Campus

Objectives:

1. **Increase Green Cover:** The primary objective of the tree plantation drive by NCC cadets is to contribute to the increase in green cover, thereby enhancing the overall ecological balance and mitigating environmental degradation.
3. **Soil Conservation:** NCC cadets aim to prevent soil erosion and degradation by planting trees, which help to stabilize soil, reduce water runoff, and maintain soil fertility.
5. **Community Engagement:** Engaging the community in tree plantation activities fosters a sense of environmental responsibility and promotes community involvement in sustainable development initiatives.
6. **Beautification of Surroundings:** Planting trees enhances the aesthetic appeal of the surroundings, making public spaces more attractive and conducive to leisure and recreation.
8. **Foster Leadership and Teamwork:** Participation in tree plantation drives provides NCC cadets with opportunities to develop leadership skills, teamwork, and a sense of social responsibility while working towards a common goal of environmental conservation.

Highlights:

On 16th July, 2022, the NCC unit of Arts & Commerce College organized Tree Plantation Drive at college campus. ANO Nishigandh Satav, Dr. Subhash Gurjar, Mr. Sunil Makode, Mr. Gajanan Paikat along with 30 NCC NCC cadets planted 18 different trees in the campus.

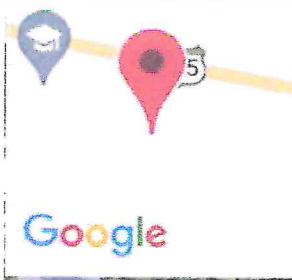

Outcome

The NCC cadets at Arts & Commerce College, Warwat Bakal, demonstrated their commitment to environmental conservation by organizing a tree plantation drive. With shovels in hand and determination in their hearts, they dug holes and tenderly planted saplings, symbolizing their dedication to a greener future. The event echoed the importance of preserving nature and combating climate change through collective action. As each sapling found its new home in the earth, hope for a healthier planet blossomed in the hearts of all involved. The initiative not only enriched the college campus but also inspired others to take up the mantle of environmental stewardship.

Project on “Seed Ball Dispersal”

Date: 13/08/2022

Venue: Department of Botany

Participants: B.Sc. students

- Objectives:**
1. To enhance the Internal skill of student
 2. To motivate students for tree plantation
 3. Awareness regarding conservation of plants.
-

Programme Highlights:

Department of Botany has been given project on seed ball dispersal for green environment on the occasion of “Azadi ka Amrut Mahotsav”. The main objectives of this event are to aware and small contribution of students for tree plantation; and to save nature for next generation. All the staff members of Botany department have given proper guidelines to students about how to prepare and throw it into our surrounding barren area. Some YouTube videos were also shared with them for live demonstration. A total 32 students were actively participated in this activity and they prepare seed ball of good quality by using seeds of various locally available plant species. Dr K. B. Theng, Dr D. K. Sherkar, Dr N. K. More & Mr S. S. Mhasal has taken lot of efforts for the success of this event.

Outcomes:-

1. View regarding conservation of plants enhanced.
2. Now students have ability to prepare good quality of seed balls.

3. To enhance student knowledge about animal diversity from Non-Chordates to Chordates.

Program highlights

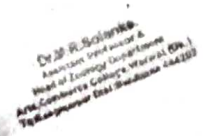

Chairman of Programme	Dr. Rajendra Korde
Guest of Honor	Miss Prajakta N. Bathe
Remark	<p>On the occasion of wild life week Department of Zoology organized various activities in the college. National wild life week is celebrated from 2 to 8 October every year in India. This week aims at protecting and preserving India's flora and fauna. Wild life week was conceptualized in 1952 with a long-term goal to safeguard the lives of the endangered and threatened species of animals.</p> <p>So to celebrate this wild life week we organized Guest lecture of Miss Prajakta N. Bathe , Head and Assistant professor of Zoology of B. S. Patel Arts, Commerce and Science college, Pimpalgaon Kale, Tq. Jalgaon Jamod Dist. Buldhana on 4th oct at 11.50 AM on Topic " Animal diversity from Non-Chordates to Chordates". She gave enthusiastic and informative lecture on diversity of animal. Principal Dr. Korde sir was president of the</p>

programme, he told the students about the importance of Wild life and asked students to protect the wildlife.

Outcomes :

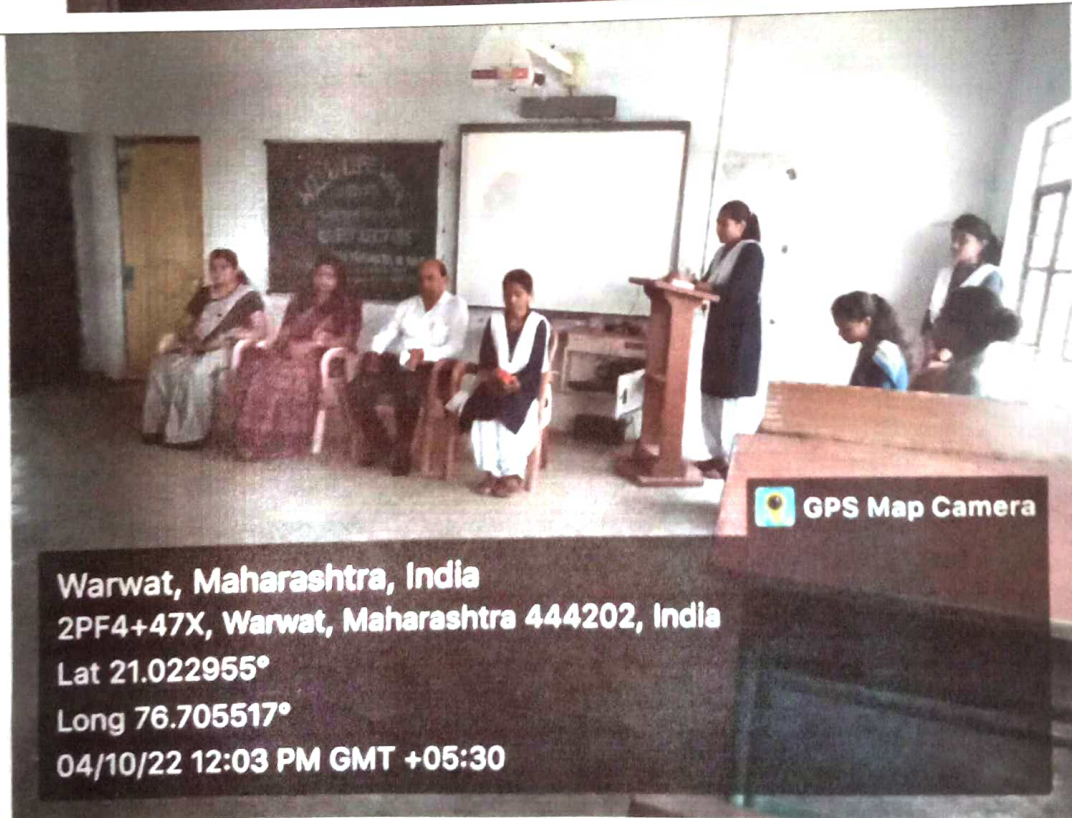

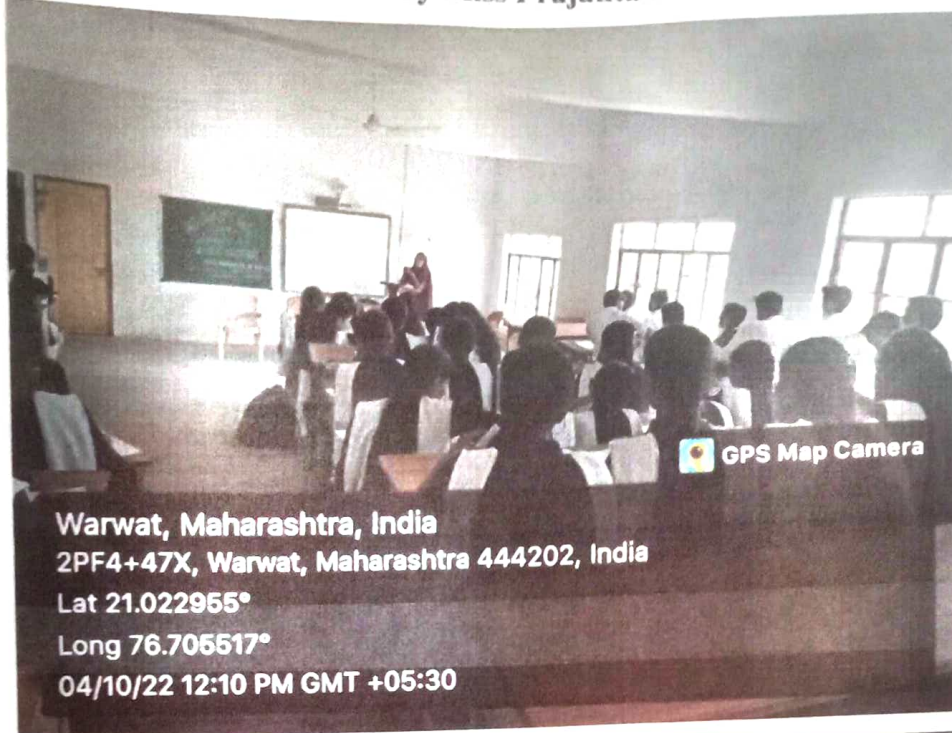

1. Guest lecture created awareness about conservation and protection of wild life.
2. Guest lecture inspired students about possible future in wild life conservation.
3. It broaden students' horizons to see the world outside of their classroom

Puneet Sagar Abhiyan (River Bank Cleaning)

Date: 09/12/2022
05/02/2023

Venue: Lendi River Bank near College
Venue: Purna River Bank at Khiroda

Objectives:

The objectives of River Bank Cleaning under Puneet Sagar Abhiyan by NCC Cadets of Arts & Commerce College, Warwat Bakal:

1. Environmental Preservation: To contribute towards the conservation and protection of natural resources by cleaning up river banks, thereby reducing pollution and preserving the ecosystem.
2. Community Engagement: Engage NCC cadets and local community members in a collaborative effort to improve the cleanliness and aesthetics of river banks, fostering a sense of responsibility and ownership among participants.
3. Awareness Generation: Raise awareness about the importance of maintaining clean river banks and the adverse effects of pollution on water bodies, wildlife, and human health through educational initiatives and outreach programs.
4. Promotion of Civic Responsibility: Instill a sense of civic duty and responsibility among NCC cadets and community members towards maintaining a clean and sustainable environment for present and future generations.

By achieving these objectives, the River Bank Cleaning initiative under Puneet Sagar Abhiyan by NCC Cadets of Arts & Commerce College, Warwat Bakal aims to make a positive impact on both the environment and the local community.

Highlights:

As per the directions of DG NCC, the NCC unit of Arts & Commerce College, Warwat Bakal participated in the Puneet Sagar Abhiyan launched by the Central Government of India. 46 cadets along with ANO went up to the river near college. The river bank was found dirty. Garbage and waste material was thrown in the river which block the water flow during rainy season. The water becomes polluted. All the garbage was removed by the cadets. 48 kg. plastic wastage was collected from the river and was handed over to Grampanchayat Garbage Collection Center.

Outcomes:

Outcomes of River Bank Cleaning under Puneet Sagar Abhiyan by NCC Cadets of Arts & Commerce College, Warwat Bakal could include:

1. Improved Environmental Quality: Through the removal of trash, debris, and pollutants from river banks, the initiative contributes to the enhancement of water quality and overall environmental health. This results in a cleaner and more sustainable ecosystem for aquatic life, plants, and surrounding communities.
2. Community Engagement and Awareness: The participation of NCC cadets and local community members in river bank cleaning activities fosters a sense of environmental responsibility and community ownership. This increased awareness about the importance of environmental conservation leads to greater participation in future clean-up efforts and a shift towards more sustainable practices.
3. Positive Impact on Biodiversity: By removing litter and pollutants from river banks, the initiative helps to create a safer and healthier habitat for native flora and fauna. Cleaner river banks can support a greater diversity of plant and animal species, promoting ecological balance and resilience within the ecosystem.
4. Social and Educational Benefits: Engaging in river bank cleaning activities provides NCC cadets with practical experience in environmental stewardship, teamwork, and leadership. These activities also serve as educational opportunities to learn about environmental issues, the importance of conservation efforts, and the impact of human activities on natural ecosystems. This hands-on learning experience can empower cadets to become advocates for environmental sustainability in their communities and beyond.

Activity : Natural Color Preparation for Eco-Friendly Holi-2022-23

Date: 06/03/2023

Time: 02:00 pm

Venue: Department of Botany

Participants: B.Sc. Ist, IInd & IIIrd students

Objectives:

1. To enhance interest of students towards biodiversity conservation.
2. To aware peoples through slogans and posters regarding ill effects of colours prepared from chemicals artificially.
3. To encourage Students for conservation of water.
4. To display all the activities, efforts and achievement regarding human health and environmental pollution.

Program Highlights:

Due to over use of chemical colors to celebrate holi festival leads to water pollution, soil pollution and causes adverse effect on human health. To avoid such problem department of Botany, Art & commerce college, Warwat Bakal decide to prepare eco-friendly color by using plant parts and plant products. On March-06 all the staff member from the department decide to guide the students regarding this aspect and preparation the procedure as well as selection of plant material was carried out. On 06 March 2023 eco-friendly color preparation workshop was conducted in Department of Botany, demonstration on how to prepare natural color by using plants and plant products to students was given by Dr K.B. Theng and Dr D. K. Sherkar. Students take active participation in the workshop and more than 10 Different color and color shades were prepared by students. Total number of 20 students participated in this event.

While addressing to students Prof. S. S. Mhasal Head, Department of Botany said that use of chemical color is hazardous to not only human health and pollution, it also affect on flora and fauna of that particular area. Number of beneficial microbes as well as plant died because of such chemicals. He further stated that use of such natural color is a very good alternative for chemical colors as it is eco-friendly and cost efficient. Dr N. K. More Proposed vote of thanks. For the successful completion of the workshop all the staff members take lot of painstaking effort. Staff members provide all the necessary facilities for the workshop.

Also the peoples at warwat bus stand, shopkeepers encourage using natural colours and also told them ill effects of colours prepared from chemicals by giving pamphlet.

Outcomes:-

1. Students now know the importance of use of natural Colours during holi festival & knows that that is beneficial for Humankind & environment also by preventing water pollution.
2. Students got satisfaction for spreading their knowledge regarding benefits of use of natural colour to the people.

Mission Life Pledge (Environment Consciousness)

Date: 20/05/2023

Time: 09.30 A.M.

Venue: Seminar Hall

Objective:

Objectives of Mission Life Pledge by NCC Cadets on the occasion of World Environment Day include:

1. Promoting Environmental Awareness: Encourage NCC cadets to pledge their commitment to environmental conservation and sustainability, raising awareness about the importance of protecting the environment among youth and the broader community. This objective aims to foster a sense of responsibility towards safeguarding the planet and its natural resources.
2. Implementing Eco-friendly Practices: Encourage NCC cadets to adopt eco-friendly behaviors and practices in their daily lives, such as reducing waste, conserving energy and water, using sustainable transportation options, and supporting environmentally-friendly products and initiatives. By promoting these actions, the mission aims to reduce the carbon footprint and ecological impact of individuals and communities.
3. Taking Concrete Actions: Inspire NCC cadets to take concrete actions to address environmental challenges, such as participating in clean-up drives, tree planting campaigns, recycling initiatives, and advocacy efforts for environmental policies and regulations. Through these actions, the mission seeks to make tangible contributions towards environmental protection and sustainability, both locally and globally.

Highlights:

On the occasion of World Environment Day, NCC unit of Arts & Commerce College organized Mission Life Pledge in order to promote Environmental Awareness and implement Eco-friendly practices. The pledge was taken by the cadets on 20/05/2023.

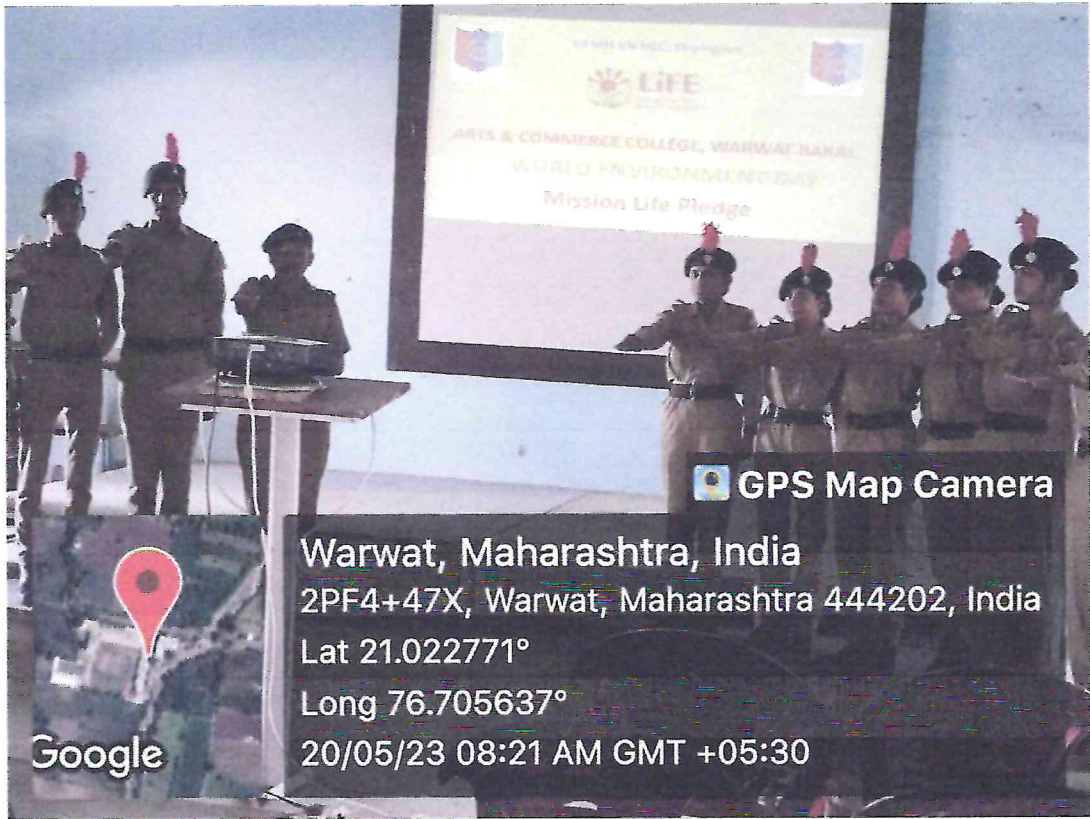

Outcomes:

Outcomes of Mission Life Pledge by NCC Cadets on the occasion of World Environment Day include:

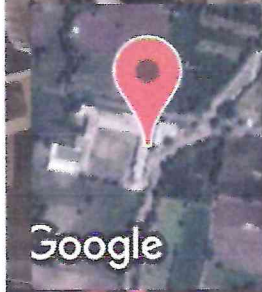

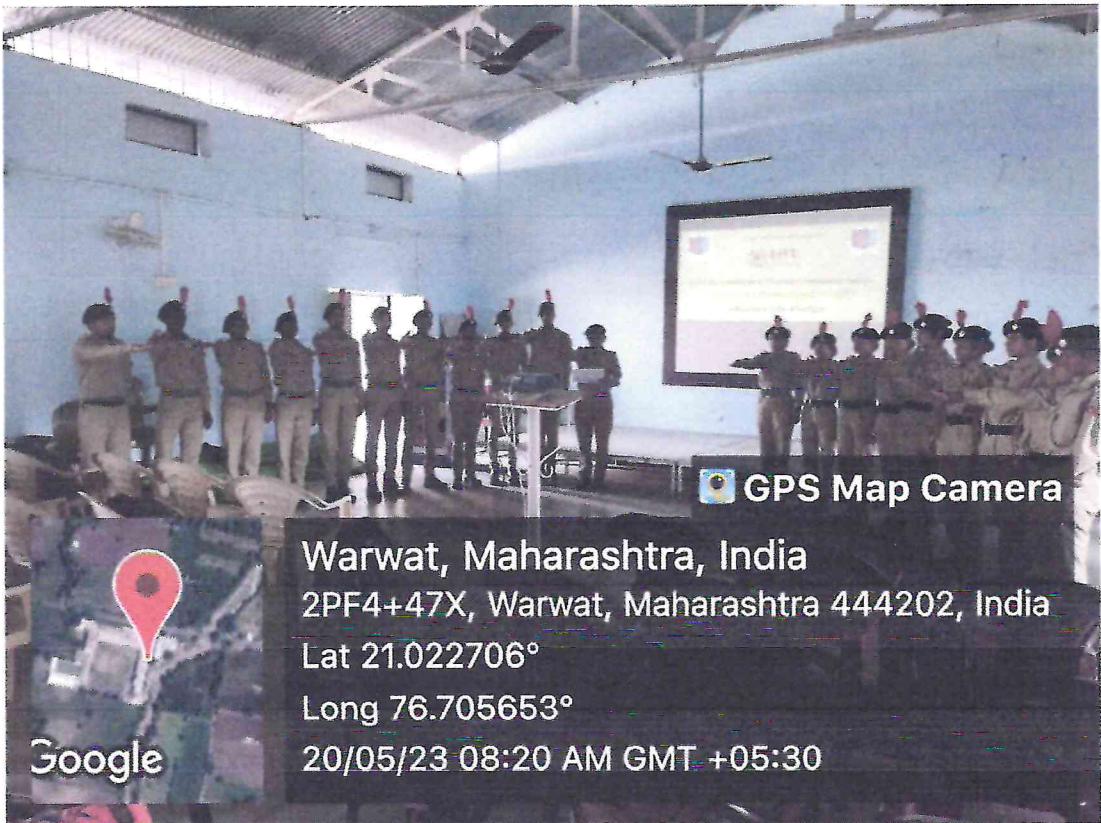

1. Increased Environmental Consciousness: NCC cadets become more aware of environmental issues and the importance of conservation efforts. Through the Mission Life Pledge, they develop a deeper understanding of their role in protecting the environment and commit to adopting sustainable practices in their daily lives.
2. Behavioral Change: The pledge encourages NCC cadets to modify their behaviors and habits to align with environmental sustainability principles. This may include reducing plastic usage, conserving water and energy, practicing waste management, and promoting green transportation options. As a result, there is a positive shift towards more eco-friendly lifestyles among cadets and the communities they influence.
3. Community Engagement and Impact: By taking the Mission Life Pledge, NCC cadets serve as ambassadors for environmental awareness and action within their communities. They actively engage in environmental initiatives, such as tree planting drives, clean-up campaigns, and educational outreach programs. This leads to tangible improvements in local environmental conditions and fosters a sense of collective responsibility towards environmental stewardship.
