Mentor-Mentee Scheme 2023-24

In view of the effective implementation of 'Mentor-Mentee' Scheme' in the college, the College Council, in its meeting held on 11/06/2023, vide resolution no. 05 unanimously resolved to constitute 'Mentor-Mentee Committee' for the session 2023-24 as –.

MISSION

The mission of this scheme, in the light of the present ongoing advance educational competency, is to develop the interest of study and to preach basic principles of moral education to the students coming from the rural families. In the half starved and educationally as well as socially poor families, there is hardly any atmosphere, where the students can seek any guidance from their parents about. Young students need counseling, proper guidance, choice of subjects to be offered at the under graduate level. In order to achieve these objectives, the teachers of the college adopt the students during academic session and guide them, help them and finally try to make them good citizens of the country. Teachers as a guardian review their adopted students' study, inspect their home assignments and attendance in the classes as well as attendance in the evaluation tests organised by the college. In addition to that, they teach them the lessons of moral education.

AIMS

- To establish good sense of rapport with students so that healthy Teacher- Student relationship can be developed.
- To act teacher as a mentor, guide and philosopher
- To interact constantly with the students so that students' problems regarding educational, socio-economical, health and family issues could be sorted out and most possibly help the students.

OBJECTIVES

To discuss on academic, social, health awareness, importance of physical fitness, importance of yoga, problems regarding study, study material availability, college facilities, campus discipline, syllabus, result analysis, departmental facilities etc.

FUNCTIONING

- For a batch of students, a teacher is assigned the role of Teacher-Guardian.
- Teacher Guardian works as a friend, philosopher and guide for these students.
- He keeps the track of every student's day-to-day activities and records attendance, test results, internal assessment, prelim examination results and other related information of students.
- He encourages the students to participate in co-curricular & extracurricular activities.
- He also counsels the students to solve difficulties encountered not only in college campus but in their personal lives too.
- Teacher guardian acts as a mentor to students and offers them emotional and academic support along with motivation.
- The teachers of the institution take up the responsibility of safeguarding and nurturing the newly admitted students.
- The teachers act as a buffer for the first year students and help them to get acclimatized to environment.
- This scheme, which is perhaps the only one of its kind, guarantees additional assurance to the new comers and takes some burden off the parents and lessens their anxiety.
- The students are free to contact the counseling service with a wide range of worries, including personal, home and family relationships, depression, anxiety and loneliness.
