This is to certify that the documents attached as supporting documents for Criterion

II: Teaching, Learning and Evaluation are verified from the college record and found to be correct to the best of my knowledge.

Principal
Principal
Arts & Commerce College
Warvat Bakal Dist- Buldana

The Institution offers a range of programs including Undergraduate, Postgraduate, Courses across various faculties such as Humanities, Commerce and Management and Science and Technology. These programs adhere to the syllabi prescribed by the parent university. Students undergo rigorous training and acquire both knowledge and skills essential for their personal development and societal contribution. Assessment tools are in accordance with Sant Gadge Baba Amravati University guidelines, with internal evaluations carrying a weightage of 20% and external evaluations contributing 80%. Internal evaluation methods encompass assignments, seminars, unit tests, tutorials, and quizzes, allowing faculty members to continually assess student performance. Evaluation criteria also include students' participation in learning activities and their willingness to take initiative. Meritorious students are recognized and honored during events such as Republic Day. The institution values student feedback, which is utilized to evaluate program and course outcomes. The success of programs and courses is gauged by metrics such as the number of students continuing their education and their participation in entrance tests like SET, NET, GATE, JAM, and other competitive examinations offered by governmental and non-governmental organizations. Furthermore, the institution tracks student placement rates, levels of self-employment, and engagement in social initiatives to assess the impact of its educational programs on students' future endeavors and societal contributions.

Evaluation Process to measure Attainment of COs, PSOs & POs

Evaluation of Attainment of Course Outcomes (COs)

1. Overall attainment of the COs is measured directly in terms of performance of the students in the semester end examinations conducted by the university.
2. After the declaration of the university examination results, every department of the college prepares reports of the Programme-wise and course-wise result analysis.
3. As per the pre-defined benchmarks, the respective departments evaluate the overall attainment level of all the COs for each course.
 - I) If, for a given course, 50% of the enrolled students score? 50 % marks in the final examination; then the overall attainment level of the COs is said to be LEVEL-1 (lowest level).
 - II) If, for a given course, 60% of the enrolled students score? 50 % marks in the final examination, then the overall attainment level of the COs is said to be LEVEL-2
 - III) If, for a given course, 70% of the enrolled students score? 50 % marks in the final examination; then the overall attainment level of the COs is said to be LEVEL-3 (highest level).

Evaluation of Attainment of Programme Specific Outcomes (PSOs)

Overall attainment of PSOs of a given Programme is evaluated on the basis of attainment of the respective PSOs at department level. The departments evaluate attainment of PSOs on the basis of "Level of Attainment" of all corresponding COs and the overall performance of students in class tests, seminars, quizzes, home assignments, project assignments, semester end common test and students' feedback on teaching, learning & evaluation.

Evaluation of Programme Outcomes (POs) Attainment

The POs are the qualities that a graduates must have acquired at the time of completion of their Programme. Thus, at the end of each program, evaluation of attainment of POs is done from the COs and PSOs attainment of all subjects. Other key parameters considered for evaluation of attainment of POs are percentage of students due for degree, other achievements of the students and students' feedback.
