6.5.1. Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing the quality assurance strategies and processes.

Upload two examples of best practices institutionalized as a result of IQAC initiatives

One of the main policy-making and implementation units at Arts & Commerce College, that IQAC which works to develop the whole quality person by continuously emphasizing the enhancement of qualitative education through the implementation of creative, all-encompassing, and adaptable educational policies. It tries hard for progression of the college infrastructure and all support facilities to meet the standards of higher education and increasing need of students. It evaluates and suggests the parameters of quality education.

Following task are performed by IQAC

1. Contributing in preparation and implementation of institutional development plan and strategies.
2. Planning and preparation of AQAR, IQA, and SSR and also implementation of the recommendations of NAAC Peer Team Visited in 2016 and now in 2023.
3. Documentation of various activities and conducting regular IQAC meeting.
4. Providing inputs for preparing and implementation best practices.
5. Enhancement in quality education by providing analysis of student's feedback to teachers.
6. Preparing, evaluating and recommending PBAS i.e. performance-based appraisal system for career advancement scheme to JDHE and SGBAU.
7. Preparing, evaluating and recommending action taken report.

TWO BEST EXAMPLES OF BEST PRACTICES INSTITUTIONALIZED

1. UTILIZATION OF ICT TOOLS :

The usage of ICT tools has become an essential and indispensable part in teaching -learning process after covid pandemic . IQAC then always stimulated teachers to apply platforms like Google Classroom, Google Form, Zoom, Google Meet, and WhatsApp groups are extensively employed by faculty members for teaching, learning, and evaluation purposes. IQAC also encourages teachers to take active parts in upgrading their ICT knowledge by participating in FDP. IQAC also prioritizes the effective utilization of ICT facilities to accommodate the diverse backgrounds of its students and enhance learning outcomes. Most departments are well-equipped with ICT teaching aids, including computers, laptops, LCDs/DLPs, and Smart

Boards. N-Computing systems are also established in computer lab. It also prepares the plan to include the use and enrichment of ICT infrastructure expecting from each department by developing google classrooms for each subject. The IQAC has advised the administration to enrich ICT infrastructure by purchasing advanced ICT tools, ERP modules, broadband internet Wi-Fi facility. The availability of Wi-Fi allows both students and faculty members to connect to the internet, enabling them to access educational resources and participate in online platforms for further teaching learning process. The educational use of what's app class wise group has also been utilized not only for teaching but also establish for communicating with the students and their guardians. Educational CDs and DVDs are available in departmental and central libraries. In teaching and learning, the student feedback form was sent online to take the review of teaching, learning, physical and academic facilities and also uses of ICT facilities. Webinars and e-learning resources such as e-Journals, e-Books, e-Shod Sindhu, and online databases are extensively utilized, enriching the teaching, learning, and evaluation processes.

Open Educational Resources like SWAYAM-NPTEL, YouTube videos, etc., are accessed by teachers and recommended to students.

2. IMPLEMENTATION OF CERTIFICATE COURSES:

Certificate courses for students to develop and strengthen their career skills.

Certificate programs were designed with a view to develop and strengthen specific career skills of the students. Courses were designed in such a way that students can learn more about what they can study in a degree program. These certificate programs are considered as a continuing education because it builds on students' knowledge of a particular subject. It also helps students to showcase their competency, commitment for the profession, build expertise in their professional subject area, and helps to increase their job seeking skills. These courses provide in-depth knowledge of the subject needed to perform a task efficiently and provide a wide range of skills to a student's so that they can perform well when dealing with complex situation while performing their duties at a job or task. The curriculum of these courses is designed in such a way that it includes all practical skills to be used at the work place. When students will be having a prior knowledge of his subject area then it will help them to perform much more confidently and efficiently at workplace. To implement this strategy, the IQAC coordinator had instructed the coordinators of these courses to start these courses and for that necessary arrangement and facilities were made available.

The result of this initiative activity was seen in the fact that most of the students enrolled for these courses successfully completed the course and obtained the certificate.

In order to successfully implement this activity, it was decided to implement this activity according to the following stages.

- Approval from management: At the first stage IQAC coordinator put a proposal in front of principal to start a new certificate course, then he sought permission from the management, which was approved and then the principal asked the IQAC coordinator to take action on it.
- Appointment of Coordinators: Thereafter, coordinators were appointed by respective HOD's to whom these courses were asked for these courses and it was clarified that they should bear all the expenses incurred for these courses.
- Designing of courses: After the appointment of these coordinators, they designed and developed the curriculum for these courses.
- Action plan: At this stage mode of teaching and exam was decided.
- Execution: At this stage who will teach, allotment of room for teaching according to time table, exam was conducted and distribution of certificates to the students were done

Lastly, the results of this activity were that it was successfully designed, developed and implemented in accordance with the plan.

Certificate Course in Fundamental Chemistry Syllabus 2023-2024

Course Content:

A] Unit I: General Inorganic Chemistry

(12 Periods)

Fundamental Concept of inorganic chemistry. Study of periodic table with physical and chemical properties of Elements. Structure of atoms, Octet rule, Lewis's dot structure, nature of chemical bond, Quantum numbers, how to write electronic configuration., classification of elements, Acid-Base and salts, PH Scale, shapes of s, p, d and f orbitals, hybridization. Calculation of oxidation states, Buffer solutions.

B] Unit II: General Organic Chemistry

(14 Periods)

What is organic chemistry? IUPAC nomenclature of alkane, alkene and alkyne, aldehyde, ketones, carboxylic acids, Writing of organic structures, Curley arrows in organic chemistry, different functional groups in organic chemistry.

Delocalization and conjugation, Inductive effect, electrometric, resonance or mesomeric effect, hyperconjugation, nucleophile and electrophile, types of reactions, stereochemistry, resonating structures, concept of acidity, basicity and pka, aromatic compounds, Stereochemistry of cyclic compounds.

C] Unit III: General Physical Chemistry

(14 Periods)

Molecular weight calculation, equivalent weight, mole concept and Avogadro's number, mole fraction, molarity, molality, normality, basic concept in thermodynamics system, surrounding and types of system, properties if system, state function and path function, types of the process. Gaseous state: Measurable properties of gases, Boyle's Law, Charles's law and Gay-Lussac law, Ideal gas and its equation, Numerical.
